Thunderous British Welcome Greets Return of Rulers

By Norman Cribbens

LONDON, May 12 (CP)—Almost at the exact hour of their coronation 10 years ago today, the King and Queen—with Princesses Elizabeth and Margaret — returned from South Africa today amid the thunderous welcome of thousands along the flag-draped streets of Portsmouth and London.

DISEMBARKING from the battleship Vanguard, they travelled by train from Portsmouth to London's Waterloo station where they stepped onto a wide red carpet hiding the dusty concrete platform.

Formal greetings were given by Prime Minister Attlee and a host of civic and government dignitaries.

Crowds beyond the platform barriers cheered lustily.

Mr. Attlee and Home Secretary Edeo greeted the Queen with the conventional bow and handshake but Brazilian Ambassador Montz de Arago, attired like the rest in a tall hat and tails, stooped and kissed her hand.

The King looked bronzed in his customary naval uniform. The Queen, in a loose-fitting beige costume matching that of Princess Elizabeth, smiled sunnily. Princess Margaret, in a powder blue dress and off-the-face hat, looked slightly thinner than when she left England four months ago.

AS THE ROYAL coach left the station for Buckingham Palace the cheers of the crowd became deafening. Handkerchiefs fluttered like snowflakes along the packed sidewalks.

Apparently unwearied by their civic reception at Portsmouth earlier in the day, King George, Queen Elizabeth and the two princesses smiled and waved as they rode through Whitehall in an open coach drawn by grey horses with scarlet-clad postillions and a mounted police escort.

Bright sunlight shone on the Royal procession.

Hawkers did a holiday business with tiny Union Jacks.

ONE ABSENTEE from the welcoming throng was Lieut. Philip Mountbatten, formerly Prince Philip of Greece, whose impending engagement to Princess Elizabeth is taken for granted. He was scheduled to give a naval gunnery lecture at Corsham Wiltshire.

Most newspapers commented on the apparent success of the Royal South African tour, some saying it had checked sentiment in the Dominion which favored secession from the Commonwealth.

Actress "Knocked Down"

Diana Barrymore, Husband In Police Station Brawl

LOUISVILLE, KY., May 12 (AP)—Diana Barrymore, actress daughter of the late John Barrymore, and her tennis-playing husband faced a court hearing today on police charges of assault and battery and disorderly conduct.

DIANA BARRYMORE

THE HEARING was the outgrowth of what officers called some "fist swinging" in the early morning hours yesterday on a downtown street corner and in the police station.

Miss Barrymore and her husband, John Robert Howard, tennis professional, were released on $100 bond each.

Later the couple accused police, during an interview with a reporter of having "knocked down" Miss Barrymore in the police station. Howard also asserted, "they didn't hit me with their fists, they hit me with a club."

Patrolman Joe Martin said Howard tried to slug him in the station. Patrolmen Walker Zettwoch and John Shepherd, who took Miss Barrymore and Howard into custody said their attention was attracted by an automobile honking. They investigated.

SHEPHERD ACCUSED Miss Barrymore of slapping at him. He said he then called a patrol car and put her in it. This drew Howard's protests, Shepherd said, and the tennis player scuffed with the officers.

N.S. To Accept Tax Agreement

By JACK BRAYLEY

HALIFAX, May 12—(CP)—Acceptance of Dominion government financial proposals on the basis of new concessions made by Ottawa and provided the Nova Scotia legislature ratifies the agreement, was announced by Premier Angus L. Macdonald in a session-end speech in provincial legislature today. And he added a big "but."

One of the three provincial holdouts for better terms (the others are Ontario and Quebec), he made a tough acceptance speech, possibly in time to have the agreement ratified before the session winds up—today or tomorrow. He was critical of the Dominion and termed the $10,900,000 agreement essentially a financial agreement—a rearrangement of the subsidy position—and "nothing more."

But there would be no further bargaining between Nova Scotia and the federal government until a general conference had discussed constitutional questions.

He announced his intention of continuing his fight for "just provincial demands and claims" and quoted the words of a ringing Scottish war song: "They have not seen the last of my bonnets and me."

France Moves Close To Britain, U.S.

BY HAROLD KING

PARIS, May 12—(Reuters) — French foreign policy shows a marked trend towards closer relations between France and the United States and Britain, well-informed circles say.

They cite five new international factors which will inevitably influence future French policy.

They are: coal, prospective fusion of the French zone of Germany with the Anglo-American zone, the recent "rapprochement" between the United States and France, President Truman's "aid to Greece and Turkey" policy and Gen. Charles de Gaulle's return to politics.

Jasper Avenue Block Is Sold

Sale of the Powell Block, south west corner of 104 street and Jasper avenue, for an undisclosed amount was reported Monday by The Canada Permanent Trust Co. The purchaser was the Powell Building Ltd.

This property has a frontage of 107 feet, and the land is assessed at $50,775, and the building is valued at $30,510, and assessed at $18,300.

In making the announcement of the sale the Canada Permanent Trust Co. said that present tenants would not be disturbed.

Swim Articles Start Friday

Learn to swim. More and more knowing how to swim is a "must" for both grownups and children. This year more Albertans are taking advantage of organized group instruction than ever befor. But children are frightened out of the water for life by wrong teaching methods.

To serve these groups and individuals in both city and country, Fred McDermott, Vancouver's famous lifesaver, swimming instructor and coach, will commence in **The Edmonton Bulletin** on Friday a course in swimming.

Watch for the first lesson in the course—in Friday's **Bulletin.** Cut it out and each of the succeeding lessons, so that you may have in the assembled clippings a complete course of swimming lessons for useful study.

Civic Employes Ask Wage Boost

City council Monday night will consider a request from the Edmonton Civic Employes Federation for a $20 blanket increase in wages for all civic employes to "meet the ever rising trend in the cost of living." The proposed increase would cost the city approximately $300,000.

The request for the $20 boost has been turned down by the city commissioners, and the employes are now appealing to the aldermen to grant the pay increase. They submit that action by Calgary and Vancouver justify the increase proposed by the civic employes.

The commissioners, in their report to council, state that the overall increase demanded is not justified, and except in the case of stenographers and telephone operators, made an offer to give each class of employe an additional amount sufficient to cover any cost-of-living deficiency as indicated by the index at present compared with the last pay adjustment.

Lightning Kills Southern Farmer And Five Horses

CALGARY, May 12 (CP)—Bodies of Llungwyn Davies, 35, and his five horses, killed by lightning as they were harrowing a field 15 miles southwest of here Friday, were discovered Saturday by David Davies, a brother of the victim.

Four horses were hitched abreast pulling the harrow while Davies was controlling them with long reins from the saddle of a horse behind the machine. The lightning bolt, believed to have struck at 3:30 p.m. Friday, cut a swath between the horses, laying pairs to left and right.

Davies was found still in his saddle, the horse lying on one of his legs. The army veteran's clothes had been ripped off him and were spread over an area of 50 yards. His cap had been cut in two as though by a pair of sissors.

All the hair on Davies' body was burned off and the lightning stroke also burned a large hole through a blanket the rider had over his saddle. The portion of the horse about the saddle was badly burned as was the back of the farmer's neck.

Turkey To Spend Grant On Arms

By HARRISON SALISBURY
British United Press
Staff Correspondent

President Ismet Inonu of Turkey revealed in an exclusive British United Press interview today that Turkey will spend the full $100,000,000 American grant which she has been voted for the purpose of bolstering her military forces.

Inonu's revelation was made in a telegraphic interview obtained by Virgil Pinkley, B.U.P. vice-president and general European manager.

In an authoritative statement of Turkish views on the grant obtained for his counry by President Truman Inonu revealed that:

Turkey will apply to the International bank for a loan to improve her economic situation.

Plan to Secure Northern Defences

U.S. to Build Big Alaska Base

WASHINGTON, May 12 —(AP)— The United States is acting to make secure the left flank of its northern defences by building at least one base for its biggest bombers in Alaska to balance a similar projected base in Maine.

THIS BECAME EVIDENT Sunday in a war department announcement of a construction program at Mile 26, Alaska, involving the building of a new runway, a huge hangar and other facilities for the Strategic Air Command at a cost of $8,125,000. The base is 26 miles southeast of Fairbanks—and two hours' flight from the Bering Strait boundary.

The Strategic Air Command operates the country's fleet of B-29s and will be equipped with planes of still longer range and heavier bomb load as they are produced, including the B-36 and B-50 types.

The defence concept includes the theory of immediate retaliatory action against any aggressive move directed at the United States. The very-heavy bomber bases are being built in accordance with this theory.

MILE 26 WAS BUILT DURING the war as an alternative landing strip for fighter aircraft to use if bad weather closed in regular fields. As far as is known here, its present runways are merely blacktop paving capable of handling only fighter craft or small transport and light bomber aircraft.

Photogenic, But Camera Shy

Above are two charming young girls, **Patricia Rafferty,** left, and **Collen Mulvaney.** They were "caught" by the camera man as they came downstairs, in upper picture, at a city home, all smiles and pleased with the world in general. Somewhat perturbed by the brilliant light, they did a right about face, and headed upstairs again as shown in the lower picture.

On Palestine Independence

Arabs, Jews Clash At Session of U.N.

By Robert Manning

LAKE SUCCESS, N. Y., May 12 —(BUP)— Arab and Jewish spokesmen clashed bitterly in United Nations today with the Arabs threatening to walk out if Palestine doesn't get independence and the Jews charging that the independence issue was "loading the dice" against them.

SYRIAN DELEGATE Faris El-Khouri flatly told the general assembly's political committee that "the Syrian government is unable to acquiesce in any other solution" except to instruct the UN Palestine commission to study immediate independence.

El-Khouri blasted Zionism as a "fatal dream" and stormed that the Arabs will "never permit it to succeed."

Jewish Agency Spokesman Mershe Shertok, in a statement prepared for delivery to the political committee, said that for UN to include the independence issue in its Palestine inquiry "loads the dice heavily against the Jews."

Shertok demanded that UN bar Great Britain from the Palestine inquiry commission and admit an Arab state only if the Jewish also are given representation on the body.

EL-KHOURI'S virtual ultimatum was hurled at the committee shortly after Philippines Delegate Carlos Romulo and Committee Chairman Lester Pearson of Canada had complained that press reports about UN were playing up disagreements instead of the amicable way the members were agreeing on the Palestine problem.

Reds Penetrate Taiyuan Suburbs

NANKING, May 12—(AP)—Government dispatches acknowledged today that Chinese Communist troops had penetrated the suburbs of Taiyuan, capital city of Shaisi province.

There were reports, however, that nationalist forces had started a counter-offensive against Reds at Yutze, rail town 12 miles to the southeast. Nationalist dispatches also said crack government cavalry and infantry, moving down from Manchuria in a diversionary thrust, had encircled the Communist base of Fowping, about 112 miles northeast of Taiyuan.

New appeals for ground reinforcements and air support reached Nanking today from Taiyuan. The government said last week it was sending 100 warplanes to the Shansi front.

Three Killed In Italy Quake

ROME, May 12 — (AP)—Three persons were killed and 40 injured Sunday in an earthquake which wrecked buildings and caused widespread damage in Calabria and other parts of Southern Italy. The quake, which also struck Sicily, was felt most severely at Isca Sulionio where two persons were killed and most of the other casualties occurred. The other fatality occurred at Santa Caterina Dello Ionio. The Italian news agency Ansa, which tabulated the casualties, said about 12 towns and villages were damaged.

Leduc No. 2 Well Nears Production

Imperial Oil Company officials in Edmonton announced Monday that drilling operations on their Leduc No. 2 well are finished, and that plans are now being put into action to bring it into production. It was hoped this would be done some time this week.

Confidence that the well would be a producer was expressed Monday despite having run into a snag at the 5,423-foot level when the drill passed the porous rock formation and ran into a stratum of salt water which on test interrupted oil flow to the volume of 1,120 cubic feet.

When the water level was struck the drillers took immediate steps to plug the hole at the bottom of the porous rock formation.

Starving Germans Ask Quick Action

HERFORD, Germany, May 12 (Reuters)—Leaders of all trade unions in the big Rhineland city of Duesseldorf today told British occupation authorities that unless they were given a definite assurance on the food situation within the next 10 days they would resign and "could not be responsible for the consequences."

The warning sent to the British regional commissioner for the North Rhine and Westphalia, William Asbury, was approved by a stormy meeting attended by some 500 trade union leaders.

The resolution said that if trade union leaders resigned, German party leaders and German administrative authorities might follow suit.

The union leaders asked the British to take steps to ensure a "minimum standard of living" and said that if the Allies were really on the side of humanity, now was the time to show it.

"We realize that Britain is performing services for Germany and that these must be paid for," they added, "but at the moment it is of the utmost importance to give help to the starving people."

Director of Union Arrested in Strike

MONTREAL, May 12—(CP)—A United Textile Workers of America (AFL) spokesman said today that R. Kent Rowley, Canadian director of the union, was arrested today by provincial police who broke up a picket line at the Ayers Limited Woollens-Producing plant at Lachute, Que. He said Rowley was placed in the Lachute jail—the second time he has been arrested since a strike for wage increases began five weeks ago.

CAIRO, May 12. — (Reuters) — Forty men, women and children were drowned Sunday 40 miles northeast of Cairo when their bus skidded and plunged into a canal.

Recaptured

WINNIE RUTH JUDD

Recapture Murderess

PHOENIX, Ariz., May 12—(AP)—Winnie Ruth Judd, convicted killer of two women friends in 1931, was captured today about 12 hours after she escaped from the state hospital for the insane.

The sheriff's office said she was seized near the exclusive Arizona Biltmore hotel, luxurious winter resort on the edge of the desert.

Mrs. Judd was convicted of killing her friends and then shipping their dismembered bodies to Los Angeles in trunks.

This was the third escape for Mrs. Judd since she was saved from execution by being adjudged insane.

Body Of Slain Woman Is Found

LONG BEACH, Cal., May 12—(BUP)—The body of a woman, her head and face brutally beaten and most of her clothing ripped off, was found today in an open field near the center of the Long Beach residential district.

A motorist noticed the body, lying about 20 feet off the highway, shortly after dawn.

Police said the woman had been dead "just a few minutes."

There were signs of a struggle. Fresh automobile tracks led across the vacant lot.

The woman was described as between 36 and 38 years old, 5 feet 4 inches tall and dark complexioned.

She apparently had been raped. Her head and face were bruised and scratched.

Greeks Open New Drive On Guerillas

ATHENS, May 12 (AP)—Military sources anounced today that government forces approximately 20,000 strong had launched the second phase of a general offensive against guerilla bands in Northern Greece—this time in northwest Thessaly and Western Macedonia.

Informants said operations covered an area of several hundred square miles in the Pindus mountains just north of the region where another drive against the guerillas recently was completed. The first operation was officially described a success.

It was reported that 3,000 to 4,000 guerillas under a "Captain Ypsilanti" were in the area.

Archbishop J. H. MacDonald

Declares Greek People Need Aid Desperately

Families of Greece, in whose welfare lies the future of the country are in desperate need of aid, the Most Rev. J. H. MacDonald, Roman Catholic archbishop of Edmonton, said today. Urging support of the current Relief to Greece campaign, he stated that relief of human suffering and assistance to suffering families undergoing the consequences of war, must be provided by each and every Canadian.

THERE ARE at least 2,000,000 undernourished children in Greece today, and the mothers of these children are striving against terrific odds to raise them. In actual fighting during the war, 24,000 Greek soldiers were killed, and more than 1,400 towns and villages were completely destroyed. As a result, more than 1,300,000 men, women and children are homeless, and 375,000 of them are orphans.

Archbishop MacDonald said "The terrific human suffering in Greece today cries out to the world for spiritual and material succor for a brave people in most desperate straits as the result of total war. The tragedy of Greece is perhaps most touchingly told in the number of broken families, of widowed mothers left with the care of children and of the children them-

Company Asks 99-Year Lease Of Airport Site

A hotel, containing between 50 and 60 rooms, and costing between $200,000 and $250,000, will be erected on property adjacent to the airport administration building if a 99-year lease is granted to Inland Investments Limited, an Edmonton company.

Recommendation that the lease be granted contained a report being submitted to city council Monday evening by the city commissioners.

The property to be leased is located between the administration building and Kingsway. As the land is un-surveyed, it is not possible to give exact location of the property.

Plans and specifications of the proposed hotel would be subject to approval of the city commissioners. It would be expected that, in the event of a satisfactory building being erected that the city would not raise any objection, and would if requested, approve the granting of a beer license in the hotel.

The company would be prepared to pay the equivalent of city taxation by way of ground rental, the land to be assessed by the city assessor from time to time in accordance with his general assessment practice, and the rental to be based on the mill rate and that assessment. The building would be assessed in the ordinary manner.

U.S. Movie Industry Rapped In Soviet

MOSCOW, May 12—(AP)—The newspaper Culture and Life was provoked today about propaganda — American propaganda. It said the United States state department and American movie interests were glutting the world market with pictures of life in the United States." Commentator Yuri Zhukov, author of the article, said the American movie industry, while still wanting to make money, had placed its services at the disposal of "nonopoly capital" in carrying out the job of "reactionaries."

Reds Ask Boycott Of Rocket Tests

BY WILLIAM STEWART

CANBERIA, May 12—(CP)—A Communist move to interfere with the South Australian testing range for guided projectiles was reported by Australian newspapers today.

These newspapers say that the Building Trades Federation advised its eight affiliated unions to boycott the $20,000,000 project for experiments with long distance rockets, pilotless planes and other advanced weapons.

Saturday Reuters news agency in a Melbourne dispatch said that the boycott was recommended on the grounds that Australia should not be a base for future war.

Defence Minister John Dedman said the proposed empire rocket range was vital to the British Empire and that all obstacles to it would be "dealt with." He was commenting on a threat by the Communist-led Australian Building Workers Union.

Reclamation Group Organized

Assn. Plans Increase Irrigation in West

MEDICINE HAT, ALTA., May 12 (CP)—Formulation of plans which it is hoped will lead to increased irrigation throughout Western Canada, was discussed during the week-end at a meeting which saw the birth of a new reclamation association for Western Canada.

AT PRESENT taking in only Alberta and Saskatchewan, the organization will hold another meeting in Lethbridge July 11-12 to which Manitoba and British Columbia will be invited.

Concerned with seeding that farmers can produce crops under as favorable conditions as possible, the association's main objective will be to strive for extensive irrigation throughout regions where proper water channeling can greatly increase output.

Need for an organization which can effectively work towards increased soil fertility was indicated recently through statistics by Dr. A. G. McCalla of the University of Alberta. He said that from 1921 to 1943 drought struck South-eastern Alberta 50 per cent of the time.

THROUGH PROPER irrigation it has been estimated that drought years can be eliminated and farmers, through selective crops, can greatly increase their income.

Instead of grossing approximately $20 an acre from a dry land wheat farmers could gross between $120 to $360 an acre on watered land raising vegetable canning crops and from $125 to $225 raising sugar beet crops.

At Saturdays' meeting Dr. W. H. Fairfield of Lethbridge, member of the Western Canada Irrigation Association which was formed 40 years ago and functioned until 1926, urged that the new association take in the whole field of development of water resources, irrigation, hydro-electric power and soil conservation.

"THE BASIC IDEA of this association is not a 'pressure group,'" he said. "Rather it is an organization to help educate the public both in the east and west. An organization based on such foundations should appeal to all political creeds and would take in large areas of the western provinces."

selves, many of whom are orphaned and most of them suffer from malnutrition and lack of suitable care.

"WE AS CHRISTIANS must do all we can to aid these helpless victims in whom lies the future of stricken Greece, by our support of the current Relief to Greece campaign. I most heartily endorse the campaign and urge the people of Edmonton to respond as generously as they can to this worthy appeal."

Campaign committee members Monday emphasized that loans to Greece recently voted by the United States government are distinctly apart from the funds raised through contributions to the Relief to Greece campaign. The government loans are to be used for the rehabilitation of Greece by rebuilding roads, bridges and railways destroyed or heavily damaged during the war, while the funds raised through the Relief to Greece campaign will be used to provide needed food and medical supplies to aid the stricken people of Greece.

Campaign objective for Canada is $1,500,000, while the northern Alberta objective has been set at $40,000. Contributions to the campaign will be deductible from income tax returns covering this year. Contributions are being received by branch offices of any chartered bank in northern Alberta and arrangements have been made for contributions to be received by treasury branches throughout the district.

Total of campaign contributions received in Edmonton up until Saturday amounted to $1,536. Following is a list of donations received Saturday:

that consultation with James Bell, manager of the airport, reveals great need for a building of this type, as frequently wait-over periods involve as many as 70 to 80 persons, and there is no accommodation for them in the administration building.

The commissioners report that previous to this application they had been discussing with military authorities the possibility of acquiring the officers' mess building at the airport for this purpose, but this is now out of the question as all buildings are required for the new military set-up.

To Hear Other Side Rates Case

By JOHN LEBLANC

OTTAWA, May 12—(CP)—When Canada's Board of Transport Commissioners starts off on a transcontinental tour next week, it will have a stack of volumes containing some 1,500,000 words of testimony taken here in the last three months.

The theme of these words—plus some 300 exhibits—is that Canadian railways need $87,000,000 a year more to keep going efficiently.

And also that the way to obtain this $87,000,000 is to boost certain freight rates 30 per cent.

Since Feb. 11 the six-man board has been in almost continuous session, taxing the railways' side of the case. That concluded Friday.

Now they are about to embark on a 6,000-miles trip to obtain the other side of the case. They move first to the Maritimes, cross the country to Vancouver and then come back to Ottawa for clean-up evidence and final argument.

Across Canada they will hear from people who would pay that bill of $87,000,000 a year—the shippers and consumers—and provincial governments and others interested.

plugging and it is expected a second plugging will be necessary before running the casing. In a test Saturday there was no reading on gas but it produced 900 cubic feet of oil.

Second of Imperial's wells in the new Leduc field to yield oil and gas, No. 2 appears to have every promise of equalling or bettering the No. 1 discovery well providing no unforseen developments occur.

The No. 1 well came more than two months ago with an off-control head equalling an average of nearly 400 barrels of crude per day. Since then it has been producing under control.

TWO TESTS Saturday and Sunday on the No. 3 Leduc well resulted in gas volume of 600,000 and 500,000 cubic feet respectively, but with no showing of oil in the present 5,230-foot level. At an earlier level this well on test showed appreciable quantities of both oil and gas. As in the No. 2 well the company will continue drilling to exhaust the possibilities of a second porous rock formation. Late reports Monday said the well was being core tested again.

Nearing the level at which No. 1 produced is the No. 4 well, now at 4,940 feet with drilling continuing.

Casing and cementing is down 297 feet in the Leduc No. 5 hole with drill depth at 339 feet. At the Imperial's Muskeg operation, 70 miles southwest of Entrance, the drillers are casing and cementing. The hole is now at 688 feet.

Construction has begun on a roadway to Imperial's No. 1 site at Battle Lake, 40 miles southwest of Leduc, officials said.

Crashes Kill 3

DETROIT, May 12. — (CP) — Three men were killed during the week-end in two Michigan airplane crashes. James Hamilton, 35, and Harold Norman, 36, both of St. Joseph, Mich., died when their small plane crashed near Benton Harbor. Donald D'Arcy, 27, of Levering, Mich., was killed when a plane he was piloting dived to the earth and burned.

Acheson Resigns Government Post

WASHINGTON, May 12—(AP)—Dean Acheson resigned today as undersecretary of state and President Truman appointed Robert A. Lovett to replace him June 30.

Lovett, a New York banker, is a former assistant secretary of war.

In disclosing the changes, the White House made public a letter in which Truman wrote Acheson of his "great regret" that "I can not again ask you to put aside your desire to return to private life."

Acheson long has sought to resign and return to private law practice.

Britain, U.S. Again Under Fire

Churchill Again Prime Villain In Russian Moving Picture

MOSCOW, May 12 (AP)—The forthcoming moving picture "The Battle of Stalingrad" has Prime Minister Stalin accusing his wartime allies of wanting Russia to be "bled white" so that Britain and the United States could dictate the terms of peace, it is disclosed in excerpts from the script published today.

STALIN CHARGES Britain and the United States with breaking a solemn promise to open a western front in Europe in 1942, and with wanting to reach the Balkans ahead of the Russians in order to gain political advantage.

Winston Churchill is presented as the prime mover in these objectives. President Roosevelt is depicted as opposing him, but powerless to overcome Churchill's determination.

"There is only one thing for which I am too old and that is to drag Churchill across the Channel in chains," Roosevelt is depicted as saying at one point.

In a final fadeout after a Moscow conference attended by Churchill and W. Averell Harriman, former United States Ambassador to Russia, the movie Stalin turns to the audience and says:

"THEY WANT US to fight their battles for them. It won't work. We shall have the Slavs on our side. They hope we shall give up Stalingrad and lose the springboard for the offensive. That won't work either."

Excerpts from the script were carried in the Moscow News, only English language daily newspaper in the Soviet Union. The play, written by Nikolai Virta, has not yet appeared on any screen.

After opening scenes depicting Stalin and his then Chief of Staff, Marshal Alexander Vasilevsky, discussing the Germans' apparent plans to drive on Stalingrad, the locale shifts to the White House, where Roosevelt is talking with an unnamed American newspaper man.

ROOSEVELT: "Knowing Russia, what would you consider the best way we could help her?"

Newspaper man: "By invasion of the continent. This has become a historical necessity."

Roosevelt: "Unfortunately, it does not depend on me. What can we do against inertia? It is like hitting a punching bag of wet manure. You can only soil your hands."

Newspaper man: "The British are anxious for cheap victory?"

Roosevelt: "Yes, they believe that is exactly what the world wants."

HERE THE NEWSPAPER man argues against the North African invasion and Roosevelt finally says that "political pressure will finally make some operation on the continent imperative."

The reporter asks Roosevelt if he does not think that the British leaders in wanting to spearhead an attack toward the Balkans are not really more interested in the "bogey of Bolshevism" than defeating Hitler.

"You expect too much of me," Roosevelt says. "I am only the president of the United States."

Issue Industry Charter

British Tories Again Rap Nationalization

LONDON, May 12 (CP)—The Conservative party yesterday reaffirmed that it is "opposed to nationalization in principle and promised that if re-elected, it will restore "a wide measure of freedom" to the Liverpool cotton market, long-distance road transport and to unspecified sections of civil aviation.

THIS WAS ONE of the main points in "The Industrial Charter" a 40-page statement of the Conservative industrial policy issued in preparation for the next general election expected in 1950.

Another point in the "charter" is the re-establishment of the Conservatives' belief that the "principle of granting (Imperial trade) preferences which has been the lifeline of our Commonwealth and in particular of our colonies, must be preserved."

Stating that the "standard of life of the people is in greater danger in 1947 than it was in 1945" and accusing the Labor government of waging a class war instead of the battle for production, the booklet set forth the Conservatives' "abiding objective" as aimed at freeing industry from unnecessary controls and restrictions.

"WE WISH to substitute for the present paralysis, in which we are experiencing the worst of all worlds a system of free enterprise which is on terms with authority and which reconciles the need for central direction with the encouragement of individual effort," the booklet said.

Says Kesselring Should Not Die

LONDON, May 12 (AP)—The Sunday Pictorial yeterday published an interview with Lt.-Gen. Sir Oliver Leese which quoted him as saying "I do not think Kesselring should die."

A British military court recently sentenced Field Marshal Albert Kesselring, former Supreme German Commander in Italy, to death by shooting after convicting him of war crimes against the Italian people.

Gen. Leese, who succeeded Field Marshal Viscount Montgomery as commander of the British 8th Army in Italy, was quoted by Maj. Fred Redman, a Sunday Pictorial correspondent, as saying:

"Kesselring was a very gallant soldier who fought his battles well and squarely. Eighth Army men who fought against him had no complaints of his conduct. They will tell you Kesselring, like Rommel, set a very good example in the treatment of prisoners—a far better example than the Italians.

"Apart from two instances, the Italians made few complaints to us about their treatment at the hands of Kesselring's men. I still think he behaved like a soldier. I do not think Kesselring should die."

RCMP Confiscate Smuggled Cigarettes

QUEBEC, May 12 (CP)—Royal Canadian Mounted Police disclosed Saturday that since the beginning of the year approximately 100,000 cigarettes, smuggled into Canada from the United States, have been seized in the district under the Quebec RCMP Command. Latest seizure was made last week when 50,000 cigarettes were confiscated.

City Woman Hurt In Bus Mishap

CALGARY, May 12 (CP)—Mrs. F. The Army Needs Housing

It is credibly reported that Army authorities have attempted to bring pressure upon Housing Enterprises Limited, to secure the whole of that corporation's still uncompleted apartent buildings, for the accommodation of personnel who are being reposted from Calgary to Edmonton. Such a diversion of these buildings should not be allowed.

That project, as everyone knows, was planned to provide housing for veterans. Whether a soldier still in service is a "veteran" may be argued. But it was plainly understood that these living quarters were intended for veterans who had been discharged. The buildings were not projected for use as barracks.

The Army needs living quarters for its enlarged personnel in Edmonton and the Government should provide these, as it will eventually have to do. This need cannot be properly met by commandeering apartments which were promised to be available to discharged men and their families and which are being built for that purpose.

The same military reasons which dictated the location of an Army command at Edmonton equally require and call for the erection of the residential and other buildings necessary to that arrangement.

Above the Rules

Again one of the better known radio comedians has been shut off the air for a brief period for his insistence upon violation of a network rule. It was not an important rule, merely a prohibition against mentioning the names of other networks, but still it was a rule and no hardship was involved in respecting it.

This present dispute between a radio star and the network that carries his performance, as well as the recent row between certain other comedians and their airways vehicles, does not involve any lofty principle of broadcasting. But it does reveal a rather sinister frame of mind among the alleged comedians who participated in it.

For it shows that some of them have arrived at a point of egomania, quite unjustified by the merit of their work, where they believe themselves to be above the rules.

It will be remembered that Hollywood went through exactly the same affliction some years ago when men and women, catapulted into sudden fame and fortune, developed the ridiculous notion that they, too, were superior to the laws of good taste and behavior.

This egocentric lawlessness became so harmful to the film colony and its good repute that producers asked for machinery to cope with it. They got the Hays office.

Radio egomania is not taking exactly the same form. But it is appearing in this insistence upon flouting the rules.

These people should remember that any of them could disappear for good without desolating their public for more than two or three weeks. They are all dispensable.

Sponging On the Allies

It is not a hopeful symptom that on the second anniversary of the capitulation of the Nazi forces General Clay had to threaten to call out the occupation troops to collect foodstuffs from German farmers in order to keep the distribution of supplies going under the ration regulations. Nor any more hopeful sign that something like a news blackout has been established over the British section of the amalgamated British-American zones.

Two harvests have been reaped since the fighting stopped, and there have been two full years in which to clear away the debris and get industry moving in the regional arsenal which supplied Hitler's armies with munitions on a scale that the Allied countries had to extend themselves to equal. The patent fact is that, for whatever reasons, the people in western Germany are not working as hard for themselves as they did for the Fuehrer, nor showing anything like as much initiative and enterprise.

The inference is pretty clear. One way or another, they will have to be put on their own and told to produce—or tighten their belts. While the Allies distribute free hand-outs of imported food, the incentive to self-help is weakened. Such treatment undermines industry anywhere, and human nature is probably reacting in the occupied area as it does in other countries.

The Sappers and Miners

Strangely enough, the troubles of the Ramadier Government stem from its attempt to step down the inflation that has thrown France's economy into confusion and made recovery almost hopeless. The Government undertook to reduce prices and freeze wages.

The reaction was widely unpopular. Widely enough to attract the attention of the Communist ministers and deputies, who saw a chance to capitalize the unrest and create turmoil; just as their fellow-fanatics in every other democratic country seize upon every opportunity to block the road to economic and political stability and stir up discontent.

So these ministers and deputies voted to oust the cabinet and precipitate chaos. They may succeed, for the Communist group is the strongest in the Chamber, and numbers some millions of supporters among the electors.

Whether or no, the moral for people in other countries is plain, and by no means new. Wherever Communists gain positions of prominence, in political groups, economic organizations, or social movements, nobody has to guess what their ultimate aim is. Being fanatics, they do and will use their positions to spread disorder, create division, sow disbelief in the competence of democratic institutions, authority and methods.

Convinced themselves, they seek to convince others that there cannot be any such thing as good government except under a Soviet system. And they are shrewd enough not to carry on their warfare against free-enterprise by direct attack, but by sapping and mining. Thus the Communist ministers at Paris broke with their colleagues after having approved the introduction of the price-wage control policy.

The regret is that those who believe in the Four Freedoms are not as zealous in promoting their cause as are those who aim to submerge these freedoms under dictatorship.

So What?

Daffodil time is over in Victoria, British Columbia, and its people are thinking in terms of roses and sun tan lotions. Okay. So what? And it's also true we did have a bit of a snowfall in Edmonton not so long ago, so brief that already we've forgotten about it. Again okay, and again—so what?

The Victoria Times modestly disclaims all credit for "nature's benevolence" to its city and environments, but Edmonton, nor Alberta in general, asks no sympathy for the light snowfall nor for what The Times calls the "unruly weather east of the Rockies."

Lest anyone infer from the newspaper's juxtaposition of comparative weather on only two almost consecutive days that Victoria bathes in perpetual sunshine while Edmonton, and the rest of Canada, are lands of whining blizzards, a few figures are quoted. In regard to bright sunshine, in the meteorological year ended 31 August, 1945, Edmonton enjoyed 2,171 hours of it; Victoria only 66 hours more. Edmonton in the same period had 13.43 inches of rain over 67 days; Victoria 20.28 inches over 126 days.

Roses and daffodils and stuff are all very well, but is rain falling for about a third of the year worth it?

A weekly editor describes a presentation made to "the longest teacher in the school." But a correspondent at that point objects that she was only five feet four.

THE TIMID SOUL by Webster

Palestine Facts

BY ELMORE PHILPOTT

The special assembly of the United Nations has run into very stormy waters over the Palestine question. Yet the whole job of this special meeting was to appoint a "fact-finding committee" to report to the regular Assembly next fall.

Can any kind of UN committee find any new "facts" which will clarify the situation? What is wanted is not new facts or findings, but some method of dealing with the old ones, which are well known.

PHILPOTT

* * *

PALESTINE is a tiny little country — just 10,159 square miles—about the size of the state of Vermont. There are about 1,200,000 Arabs and 600,000 Jews there. The Jews own only six percent of the total land area, but pay about 80 percent of the income tax.

* * *

PALESTINE is strategically one of the most important countries in the world. Its fate—from the very beginning of history—has been to get run over by one empire after another. Before sea power became so decisive, Palestine was at the very crossroads of the land invasion routes betweeen the continents. The Persians, Egyptians, Greeks, Romans were always marching back and forth across it.

Now it protects the Asiatic bank of the Suez canal, long called "the life-line of empires." It is the gateway to the richest oil areas in the world—the literal tap from which the vast Arabian oil reserves pour into tankers for Western Europe and America.

Hence—in spite of Mr. Churchill's repeated declaration that Britain has no "strategic interest" in Palestine—its passing—say to Russian power—would completely upset the "balance of power" at what is literally the crossroads of the continents.

We can be sure,therefore, that both the United States and Britain would react with extreme sensitiveness to any move—from any quarter—which might have the effect of weakening their own military hold on this key country.

* * *

BOTH BRITAIN and the United States are pledged to help establish a national home for the Jewish people in Palestine. This was to be according to terms of the Balfour Declaration which said:

> His Majesty's government, view with favor the establishment in Palesetine of a national home for the Jewish people, and will use their best endeavours to facilitate the achievement of this object, it being understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities in Palestine, or the rights and political status enjoyed by Jews in any other country.

This rather contradictory promise is the very heat of the present deadlock.

The Arab majority in Palestine—backed by all the Moslem world—claims that mass Jewish immigration into Palestine would "prejudice" their own rights. The proclaimed determination of Jewish extremists to make all Palestine a purely Jewish state has probably done, much harm to Arab-Zionist relations as did fascist agents. The Arab Grand Mufti became an open Hitlerite tool.

* * *

THE MOST SERIOUS charge that can be fairly made against British rule in Palestine is that it fell down on one importanttask named in the mandate:

Article 2 reads:

> The manadatory shall be responsible for . . . establishing of a Jewish national home . . . and also for the development of self-governing institutions.

Thirty years after the liberation of Palestine from Turkish rule—by British and Arab armed forces—there is not even the beginning of demcoratic rule

* * *

THERE ARE ONLY two possible settlements:

1. To give the country self-government, on a democratic basis, without distinction between Jews and Arabs. Canada has a similar setup.
2. To split the tiny little country into Jewish and Arab sections.

The former course seems better. If Arabs and Jews cannot arrive at harmony themselves — by democratic process—what hope is there of any outside power imposing a settlement — and making it stick?

Signed articles and columns on this page are the opinions of the writers and are not necessarily endorsed by the Edmonton Bulletin.

Rest Easy, Mr. Abott

BY BRUCE HUTCHISON

Were it not a matter of grave social consequence, I would not publicly record my horrid experiences with tobacco.

Some time ago I divorced myself from the filthy weed and published the fact to encourage other slaves.

Congratulations poured in on me from every end of the nation. Enemies of tobacco sent me tracts, replete with medical testimony and beautifully colored pictures of smokers' insides. Old ladies thought I might be fit now to meet their daughters. An aged Eskimo gentleman sent me a letter from the Polar Circle, neatly carved in whalebone, to say that, having given up tobacco after fifty years of addiction, he was now able for the first time to taste the true flavor of walrus blubber.

* * *

IT SEEMED clear that the enemies of smoke only needed a strong leader like me to put tobacco industry into bankruptcy overnight.

Freed from tobacco, my health improved. This was evident from the fact that I felt a continual weakness, ringing in the ears and a general dizziness which prevented me from working. Obviously, I had escaped just in time. And while I supposed that I was offering a powerful pattern of virtue to my young, they continually implored me to smoke again to mend my temper.

* * *

ALTOGETHER I achieved a new life and doubtless would still be treading that lonely path in piety, innocence and dizziness had I not picked up a copy of the Toronto Globe and Mail.

According to the Globe and Mail, out of every 33 cents paid for a package of cigarettes all but 8 cents goes to the government in taxes. Unwillingly I had to face the hard fact—if men like me put their own welfare above the needs of the state, then the government would go broke.

And then I thought of poor Mr. Abbott tossing and turning on his bed as he tried to balance the budget, doubtless smoking cigarettes far into the night in an agony of patriotism, while men like me slept soundly, breathing the free air, unpolluted by taxable fumes.

* * *

THE DECISION, I ADMIT, was hard to make. It is not easy, after a month of freedom, to accept slavery again. Only a man of iron will car. voluntarily put on chains, for the good of his fellow men. But in this moment of supreme test, virtue was vouchsafed to me. Rallying my last ounce of character, I made the patriotic decision. While I may be denounced by the old ladies with respectable daughters, by Eskimos with a taste for blubber, still I have the satisfaction of knowing that I am paying taxes again.

The Price of Gold

BY CHESTER BLOOM

OTTAWA: Some interesting points concerning Canada's monetary and foreign exchange position were brought out in a discussion between members of the press here and officials of Canada's Foreign Exchange Control Board and the Bank of Canada. One peculiarity is the current price of gold in terms of the Canadian and U.S. dollar.

Technically Canada's dollar is not valued in terms of gold but in terms of the U.S. dollar. Thus, the U.S. actually fixes the price at which Canada sells her gold.

Monetary experts admit that it would be of great financial advantage to Canada if the price of gold were raised to any figure above the current U.S. price of $35 an ounce. But they are silent on whether that could be done practically by Canada alone.

* * *

THE ROYAL MINT'S annual report for 1946 is not ready to be tabled yet in the house. But in 1945, unrefined gold was sold by Canadian mines to the mint to a total of 3,102,991 ounces unrefined. When refined it produced 2,503,417 ounces of fine (pure) gold and 357,739 ounces of fine silver. In 1945, because the Canadian dollar was at ten per cent discount in terms of the U.S. dollar, Canadian gold commanded a price of $38.50 in terms of the U.S. dollar.

A little arithmetic will show that the 2,503,417 ounces of fine gold sold by the Ottawa mint in 1945 to the government at the U.S. premium price of $38.50 totalled $96,381,554. All gold purchased by the minister of finance comes from Canadian gold production, and is sold in turn to the Foreign Exchange Control Board.

* * *

THE FOREIGN Exchange Control Board report for 1946 says that such gold bought by the minister in 1946 totalled $87,900,000. The reduction of $8,481,554 compared to 1945 is in part accounted for by the moving up last July of the Canadian dollar to par, abolishing the $3.50 premium on Canadian gold. But the F.E.C.B. report says that this restoration to parity involved a writing down of only $163,600,000 of both gold and foreign exchange held by the board. The major difference apparently represents gold held by the mines.

Where it Hurts

Toronto Star

The poverty of the family falls hardest on the children. Concerning this, Miss Dora Wilensky, director of the Jewish Family Welfare Bureau, showed in one of her studies: "Among such (low-income) groups, there is hardly ever much opportunity for advancement among children." This is because they start working at an early age, interrupt their education, can never plan long-range educational activities nor any courses that require fees or expensive equipment. Such children usually go to work in low-paying occupations, and thus the poverty cycle is continued.

Notice in restaurant: "Customers who consider our waitresses uncivil should see the manager."

He was one of those young men who never seem to know when to go. She yawned several times, when a clock in the hall struck midnight.

"Is that an eight-day clock?" he asked.

"Well," said the girl, stifling another yawn, "why don't you stay a little longer and find out?"

The indignant man was shown into the solicitor's office.

"Look here," he burst out, "you've charged me for two consultations on the fifth of last month and I was only here once."

"The fifth of last month," said the solicitor, smoothly. "That was on a Friday, and if I remember correctly it was a very wet day, wasn't it?"

"Yes, it was," answered the client shortly.

"Well, after you left you came back to ask if you had left your umbrella here."

Aids in Education

BY HARPER PROWSE, MLA

In this series it has been noted that those persons who believed that the Army Canteen Fund should contain some provision for offering assistance to veterans' children for educational purposes favored the bursary system rather than a scholarship plan. At a time when there is a great deal of interest in education, and especially in providing incentives and assistance, it might be well to compare the relative purposes of these two plans.

Briefly, a scholarship is awarded on the basis of outstanding achievement. A bursary is awarded on the basis of need to deserving students. In this case at least, the distinction between the two is that the scholarship is for the brilliant student and is a prize for excellence, while the bursary is a grant which will enable the hardworking student of more average ability to continue his, or her, studies. Actually, I believe that both forms of assistance have their proper place and should be considered as complementary. Both serve useful functions.

* * *

THE SCHOLARSHIP usually carries a substantial cash grant but basically it is a recognition of special merit. The prospect of both the recognition and the cash, or other reward, acts as an incentive to students in the top classification of ability to put forth even greater effort. However, it fails to assist the average student who usually realizes from the outset that he has little hope of getting it in competition with the more brilliant students.

The bursary, on the other hand, may be awarded in different ways or under a combination of circumstances. Usually, to qualify for a bursary, the student must achieve a certain high standard in his studies. This standard is usually set so that it can be achieved by the average student only by hard work. If this qualification is combined with evidence of need then the bursary takes up where the scholarship leaves off. It offers the incentive to the average student which the scholarship does not.

* * *

THE REASON that the Legion and other groups suggested that the bursary was a more proper way to use any funds alloted for educational assistance from the Army Canteen Fund is easy to see. The Legion feels that the brilliant student will be taken care of by scholarships offered by other groups. They feel, too, that often scholarships are won by students who actually do not need the financial reward which goes with them. They want to see the fund used to help those who actually need help, not to subsidize or reward those who do not require financial assistance. Because of the wider scope of the bursary it was felt that it would be of more use to the average veteran's children or the orphans of deceased veterans. It is in keeping with the basic intention that the fund should be used to help those who deserve help but cannot help themselves.

More than that it is felt that it is more important to see that the average student is given every opportunity of making the most of his abilities than merely to give additional opportunities to the student who already has a head start on his fellows. After all, it is the large number of average people who make a nation great, not just the few brilliant citizens.

Bulletin Readers Say:

Letters to the editor should be brief and discuss no more than one subject at a time. The name and address of the writer must be included, but not necessarily for publication if the correspondent so requests. Letters thus received become the property of THE EDMONTON BULLETIN whose editors, for obvious reasons, cannot undertake to enter into correspondence about them and reserve the right to delete extraneous or unduly controversial matter.

WHO'S TO BLAME?

Editor, Bulletin: Who's to blame for rising prices?

When Big Business was telling us, with tongue in cheek, that if the government would forget about controls, business would see that everything would be nice and normal with lots of goods at low prices, they really meant "now is the time to make a killing" and with the government's consent they are doing just that.

For example: Consumer goods industries made the best showing in 1946. Textiles had the greatest gain with an 219.9% increase over 1945 (which was not a depression year for business). Pulp and paper products was second, up 162.9%. Distillers third, up 144.6%, the rubber industry up 103.9%. These are a few samples.

When President Truman and our finance minister Abbott tells Big Business to "take it easy, boys" you can be sure that business is on a profit bender with no holds barred. Even business's own apologists, The Financial Post and Chamber of Commerce, are doing a little wrist slapping editorially and advising business to slow down on profits.

What's labor getting out of this? In the budget speech last week, Abbott revealed that one-half of Canada's wage earners are not in the income tax bracket. And in the meantime, labor's productivity has gone up immensely. The United States in 1945 needed only 36 million people to produce the quantity of goods produced by 45 million in 1939.

Let's put the blame for rising costs and the coming depression right on the shoulders of the people responsible — money-mad business.

ALBERTA

Editor, Bulletin — Although a reader of the Bulletin for 43 years I am a very infrequent contributer to the "letter box."

However I can not let pass your correspondent A.T.W.'s contribution re musical names and the comment in the last paragraph. "I can never forgive the vandals who substituted 'Alberta' for the exquisite 'Assiniboia.'"

Your correspondent is evidently not aware the 'vandal' was no less a person than the Governor General of Canada, the Marquis of Lorne, the name being given by him as a graceful tribute to his wife, H.R.H. Princess Louise Caroline Alberta, fourth daughter of Queen Victoria of blessed memory.

The Marquis wrote these lines:

"In token of the love which
thou hast shown
For this wide land of freedom,
I have named
A province vast, and for its
beauty famed
By they dear name.

Lake Louise, the gem of our mountain lakes, is also called after the daughter of Queen Victoria.

This data can be found on page 5 "Place Names of Alberta," published by the Geographic Board of Canada, Ottawa. Copies may be had from Department of Education, Province of Alberta.

COMMUNITY CHEST

Editor, Bulletin: I have been asked by the directors of the Edmonton Community Chest, following the annual meeting, to express to you, and to the staff of **The Edmonton Bulletin**, sincere thanks and appreciation for the assistance so freely given during the past year.

This is the sixth year of the Community Chest operations in Edmonton and, if the directors feel gratification for the continued success of the movement here, they realize too, that the public goodwill evidenced toward the Chest is, to a considerable degree, due to the public-spiritedness of its supporters in the city.

AS DICKENS PUT IT

Editor, Bulletin.—"He entreated me more than once to come in and win, but what with his tablespoon to my teaspoon, his dispatch to my dispatch, and his appetite to my appetite, I was left far behind at the first mouthful, and had no chance with him."—David Copperfield, Ch. V.—Charles Dickens.

The above quotation is a present-day picture of what is happening to the consumer. There is this difference, however—it is a never-ending pudding affair. The consumer may, amid much complaining, continue with the teaspoon, at the pudding; but those who depend on laissez-faire will wait, hopefully, for the inevitable public indignation to subside. Yes, they must fervently hope that time will cause the public to drop the matter. If the public will only keep up a sustained protest about present exorbitant prices it will win a great victory.

Sustained is the word to describe the action which we must take. If the price of even one commodity can be forced down, the profiteers know that their tactics are doomed to utter defeat.

THIS DANGEROUS AGE

Editor, Bulletin: To all appearances we are living in a very dangerous age. Yet with all the weapons at our disposal for destruction, men have not learned the folly of war.

In this atomic age, another war would be disastrous, and could well mean the end of the human race. Insignificant man is getting beyond himself, believing he is master of his own destiny. The drums of propaganda, are playing the tune of hate and stirring up antagonism, amongst the nations.

From the glib mouths of politicians spout the lies that plant the seed of distrust amongst the peoples of this earth. Our leaders have failed the thousands who gave their lives for freedom and the principles they fought for are long forgotten. The biblical predictions that they will cry peace, but there will be no peace, is evident in our time. Blundering, stupid man with all his education and culture is ready to destroy himself, because in his greed to attain power he has created weapons so powerful and deadly that once he dares to use them, will mean the suicide of humanity.

TAX TROUBLES

Editor, Bulletin.—In the last four years I have done my best in trying to pay for my home and keep my small family, paying my taxes, light, water and fuel bills, high living expenses, but have kept in the clear.

My wife worked hard in a hospital to put a few comforts in our new home in 1945. They took $95.18 in taxes off of her pay. She was working as a helper.

Now the government is asking her for $13.50 more and on top of this they have fined her $5 for sending her income papers a few days late. A government that would take the few dollars away from a working woman is, in my opinion small indeed. I thank you.

DISTRICT NEWS IN BRIEF

Mr. and Mrs. S. A. Kirkwood

Many Friends Call

Vegreville Couple Fete Diamond Jubilee

Mr. and Mrs. Samuel Albert Kirkwood, well-known residents of Vegreville for 47 years, who rank high in the provincial old-timers list, recently celebrated their diamond wedding anniversary.

MR. KIRKWOOD was born on Aug. 2, 1862 at North Washington, Pennsylvania, and moved west to Kansas in 1878. He took up farming near Abeline, where he remained until 1899. During his stay in Abilene he met Mary Jane Lank from Greensborough, Maryland. They were married on March 30, 1887 by a member of the Kirkwood family, the Rev. Townsend.

After a trip by cattle train, the couple arrived in Alberta April 3, 1900, and settled on a farm near Vegreville.

Their family includes five daughters, one son and there are 28 grandchildren and 33 great grandchildren. Another son, Albert James Kirkwood died in 1928.

DURING THE RECENT war, eight grandsons and one granddaughter served in the forces. All have now returned home.

They celebrated the special occasion at the home of their daughter, Mrs. Herbert Davis of Vegreville. Numerous friends from Vegreville and surrounding areas payed their respects to the elderly couple. Mrs. Kirkwood was the recipient of many lovely gifts.

Among the guests present was Orlando Lank, who was in attendance at the wedding of the couple 60 years ago.

Mr. and Mrs. Kirkwood, at 85 and 84 years old respectively are in the best of health and it is said that Mr. Kirkwood is as spry as ever. They often gaze back into the past and get much enjoyment in recalling their many experiences of by gone days.

All residents of Vegreville congratulated the likeable couple on their anniversary and wished them many more years of happiness and prosperity.

Farmer Killed By Jap Rifle

MILO, Alta., May 12 (CP)—Trying out a Japanese war souvenir rifle his son brought back from Japan after the war, Russell James Smith, 56, Milo farmer, was fatally injured in his farm yard at noon Sunday when the weapon blew up after he pulled the trigger. He died shortly after from a severed jugular vein.

Milo is 60 miles southeast of Calgary.

Verne Smith, a navy veteran, brought back the 8 mm. rifle along with a quantity of Japanese ammunition after the war. As the Japanese ammunition had been all used up, the father and son decided to try Canadian-made bullets in the weapon Sunday.

The first bullet fired is believed to have stuck in the rifle barrel. When Smith fired a second shot the weapon blew up and a piece of wood casing above the trigger flew off and cut his jugular. His son was standing at his side when the mishap occurred.

Montreal Winner At Drama Festival

LONDON, Ont., May 12 (CP)—Les Compagnons of Montreal were awarded the Bessborough Trophy, symbolic of Dominion Drama Festival Saturday night. Two honorable mentions for acting went to 11-year-old Stewart Kerby, and Frank Holroyd of the Edmonton Community Theatre.

Editor Dies

BRISTOL, R.I., May 12.—(AP)—Henry Walcott Boynton, 79, scholar, editor and former literary columnist for the Providence Journal, died in hospital last night. He at one time was chief reviewer for the Atlantic Monthly.

Dies at Coast

GRANDE PRAIRIE, May 12. — Word was received here recently of the death at Victoria of Mrs. Maude Westcott Clifford, earliest woman pioneer in this district. She came to Grande Prairie in 1906 and was one of the most prominent women here until she left for the coast a few years ago.

Mrs. Clifford was the district's first volunteer nurse and was also the first teacher.

Agriculture Head

VIKING, May 12. — M. Fitzmaurice was named president of the Viking Agriculture Society at a recent meeting. Redge Gilpin was elected vice-president and H. G. Thurnell was named secretary-treasurer.

Farm Home Burns

ROUND HILL, May 12.—Fire destroyed the farm home of Mr. and Mrs. Paul Stefura, two miles west and one mile south of here. A campaign to raise a donation for the couple, who also lost all their furniture and other household effects, has been started by members of the Greek Catholic Church.

Former Red Deer Farmer Is Dead

VICTORIA, May 12 (CP)—Frederick James Randall, 83, who farmed in the Red Deer valley in Alberta for 20 years prior to moving here three years ago, died at the week-end. Three sons and a daughter survive.

Help Kidneys If Back Aches And You Get Up Nights

If you're feeling out o'sorts, Get Up Nights or suffer from Burning Passages, Backache, Nervousness, Rheumatic Pains, Frequent Headaches and Colds, and feel old before your time, Kidney and Bladder troubles may be the cause.

Worry, Colds, working too hard, or over-eating or drinking may create an excess of Acids and overload your Kidneys so that they need help to clean out poisonous wastes that might otherwise undermine your health.

Help Kidneys Remove Acids

Nature provides the Kidneys to clean and purify your blood and to remove excess Acids. The Kidneys contain about nine million tiny tubes or filters through which the heart pumps blood about 200 times an hour, night and day, so it's easy to see that they may get tired and slow down when overloaded.

Nearly twenty years ago a scientific formula called Cystex was made available to the public through drug stores, making it easy and inexpensive to help thousands suffering from Kidney and Bladder troubles in these three simple ways: 1. Help the Kidneys remove excess acids which may become poisoning and irritating. 2. To palliate burning and smarting of the urinary passages, and bladder irritation. 3. Help the Kidneys clean out wastes which may become poisonous if allowed to accumulate, thus aiding nature in stimulating an increase of energy, which may easily make you feel years younger.

Elks Are Honored At Fort St. John

FORT ST. JOHN, May 12: Fort St. John was host to 200 members of the Elks Club, their wives and members of their sister lodge, the Royal Purple, here Thursday when an unofficial "holiday" was declared. Farmers abandoned their seeding for the day and a number of offices were closed.

The Peace River lodges comprise one of the most progressive districts in the order. Seven towns sent delegates to both the Elks and Royal Purple conventions here.

Pat Tyrell of Pouce Coupe was elected district deputy grand exalted ruler for a second term.

Proceedings were under the Fort St. John Lodge whose exalted ruler is W. J. Lumsden, Mrs. R. J. Campbell, is Royal Lady of the Royal Purple here.

A banquet and dance wound up the activities of the day. Guest speaker at the banquet was Fen Lawson of Edmonton, vice-president of the Elks Association.

Camrose Planning Big Celebration

CAMROSE, May 12—Plans for celebrating the 40th anniversary of Camrose are being made and officers for the committee in charge were named recently.

Honorary president elected was Mayor R.H. Hume while Dr. H.H.W. Beyerstein was named president and Mrs. Charles McDonald vice-president. Other members of the committee are: Arnold Hoveland, A. Burgess, Bob Tatham, Theodore Bailey, Ken Matheson, George Golberg, F.K. Farley. Jack Stuart was appointed secretary-manager of the celebration.

The Camrose council recently conferred with the district engineer of the provincial department of public works over the distribution of the $20,000 grant to the municipal district for highways.

This grant is not to be used for market highways unless they tie in with district routes.

Scalding Sugar Kills 5 Workers

KINGSTON, Jamaica, May 12 (Reuters)—Five workers were killed and three injured when a displaced flywheel smashed a Kingston sugar factory evaporator spilling scalding liquid on its attendants. The accident occurred Saturday at a factory of the United Fruit Company.

Replace Home

OLD CHATHAM, N.Y., May 12, —(AP)—Thanks to their neighbors, Mr. and Mrs. George Lundy have a new home to replace that destroyed by fire. The neighbors staged a building "bee" yesterday, and constructed a one-room house for the elderly couple.

Rowe and Leonard Put on Show

Veteran Hurlers Pace Revamped Philly Club

NEW YORK, May 12 (AP)—A couple of veteran hurlers who like to play ball on Sunday are keeping Philadelphia Phillies in the National League baseball picture. Lynwood (Schoolboy) Rowe and Emil (Dutch) Leonard, both waived out of the American League after long and honorable careers, made Brooklyn Dodgers' life miserable yesterday by winning 7-3 and 5-4 decisions—the third successive Sunday they had cleaned up both ends of a double bill.

Those six wins are just over half the 11 games Ben Chapman's club has taken this season.

Rowe retired in the fifth inning of the nightcap with a stiff neck, but another veteran, Ken Heintzelman, finished the Dodgers off, allowing a single hit—Bruce Edwards' ninth-inning homer.

THE SLOWLY-reviving St. Louis Cardinals had to be content with a single victory when Pittsburgh Pirates pushed across three sixth-inning runs in the nightcap, leaving the score 3-3 when the game was halted in the seventh by Pennsylvania's Sunday Law. Earlier, Terry Moore's 10th-inning single with the bases loaded sparked the Cards to a 10-6 win in the opener.

Boston Braves and New York Giants matched slugging sprees, the Giants clubbing Johnny Sain for an 8-1 win in the opener and the Braves coming back with an 11-3 triumph in the nightcap. Chicago Cubs grabbed 6-3 and 4-3 decisions from Cincinnati Reds to take over league leadership.

PAUL (DIZZY) TROUT and Virgil (Fire) Trucks turned in three-hit efforts to give Detroit Tigers 10-0 and 6-1 victories over Chicago White Sox that put Detroit Tigers 1½ games ahead of the American League pack.

At the other end of the picture, St. Louis Browns suffered a humiliating 16-1 drubbing to sink deeper into the cellar as Cleveland Indians clouted four homers—two by Joe Gordon—to hand Jack Kramer his first loss of the season against three wins.

PHILADELPHIA Athletics took a 4-0 decision from Washington Senators in the first game of their doubleheader, dropping the second, 2-1, with Toronto's Dick Fowler the losing pitcher.

Boston Red Sox outlasted New York Yankees, mainly on the strength of a six-run first inning, to take an 8-7 victory. Bobby Doerr's three-run homer was the most desisive blow.

TRAVERS ISLAND, N.Y., May 12 (CP)—Joe Hiestand's 25-24 shoot-off victory over Jerry Hayward, Miami, Fla., gave the Hillsboro, O., star top honors Saturday in the featured 16-yard, 200 target event of the amateur trapshooting of America championships. Both posted scores of 197 in the regular 200-shot event, necessitating the additional 25 shots.

Overhaul Hockey Rules

Misconduct Penalty May Carry $25 Fine

TORONTO, May 12 (CP)—Representatives of the National and American Hockey Leagues and of Canadian and United States amateur hockey bodies held a long conference on rules here yesterday and came up with a list of recommendations to be sent forward to the individual leagues for consideration.

Chief suggested change was an automatic fine of $25 for all misconduct penalties. In the past a fine was imposed only when the misconduct occurred in the last 10 minutes of the game.

It was further recommended that substitution for a player given a match penalty be allowed after 10 minutes, instead of 20 minutes as at present.

Clarence Campbell, NHL president, explained "we feel that the 20-minute advantage may spoil the spectacle for the spectators as well as being too severe a responsibility for the official in charge."

Elimination of the automatic awarding of a goal against a defending team for throwing a stick was also suggested, this to be replaced by a penalty shot.

Another suggestion aimed at curbing high-sticking was to leave it up to the official to levy a major or minor penalty. At present the rule is a major penalty for throwing the first punch and a minor for retaliating.

Besides Campbell, those present included Coach Happy Day of Toronto Maple Leafs, Coach Frank Boucher of New York Rangers, Chief Referee Frank Clancy of the NHL: Maurice Podoloff, New York, and Richard Millar, Indianapolis, of the AHL; W. A. Hewitt, Toronto, George Dudley, Midland, and George Slater, Montreal, of the CAHA, and Vern Thomas, Baltimore, of the U.S. Amateur Hockey Association.

Trim Municipals As Country Club Bows to Mayfair

Highlands golfers swung into a commanding lead in defence of McMullen trophy, emblematic of inter-club golf supremacy, when they subdued the Municipal divot-diggers 80-20 in their opening match of the season yesterday.

Highlands' one-sided triumph gave the club an 18-point edge over the Mayfair, which handed the Country Club a decisive 62-38 setback.

ONLY FLASHES of mid-season form were on display at any of the clubs, but a few good shots were played on the 19th hole where the post mortems were held.

Johnny Letke of the Country Club was probably the "hottest" player of the day. Teamed with Art Lozo, the club professional, Johnny fired five three's on the first nine holes and a 72 for the 18 to take 8 out of the ten points from J. B. Starky and Pete Olynyk, the Mayfair pro.

TWO OF THE Martell brothers, Henry and Burns, had their work cut out before their teams emerged with victories.

Henry, who was paired with Leo Leclair against Buddy Loftus and D. Podersky, made the turn one up and finally won 3 and 2.

Henry came through with a birdie on the last hole to win the bye.

BURNS AND Percy Smith were carried to the last hole by H. Drever and J. Meldrum in one of the closest contests of the day.

Weather conditions were ideal and the courses were in fine shape following the moisture of the previous day.

Next week the Mayfair and Highlands clubs will clash and the Country Club will take on the Municipal.

The junior circuit gets under way with a doubleheader next Sunday afternoon, Canadians playing South Side in the opener and CNR (Calder) opposing Maple Leafs in the second half.

Precision and Vets Score Fastball Wins

Army, Navy and Airforce Vets and Precision Machinery came through with victories in the first doubleheader of the year in the Men's Senior Fastball League at Kingsway Park yesterday. The Vets handed Sammy Sheckter's Dainty Cakes an 11-6 lacing in the first contest of the twin billing, and the Precision Machinery crew blanked the RCAF Aces 3-0 in the second fixture.

The Vets were camparitively weak at the plate, picking up five scant hits off the offerings of Ben Marder and Bill Yurka on the hill for Dainty Cakes. However, they took full advantage of 11 walks and seven Dainty Cake errors for their margin of triumph.

THE VETS SALTED the game away with a five run outburst in the fourth inning. Frenchy Lalonde drew a walk, advance to third on Art Quinn's double through the centre, and scored when Johnny Nayowsky grounded out. Howie Cutler was safe on Jim Pruden's error, Quinn scoring on the play. Cutler pilfered second and Stan McGreevy received a free pass. Shamus O'Connor's towering triple to left field wall scored Cutler and McGreevy, and O'Connor came in standing up when catcher Sammy Sheckter overthrew third base.

Ted Filipowicz's pitching wizardry combined with the skilful base running of his teamates gave the Precision aggregation their 3-0 win over the Aces. It was all even at 0-0 going into the bottom half of the fourth when Precision picked up their first run. Dutch Collier smashed a ringing double to left and scored with a smart burst of speed on Cece Houlihan's single through short.

THE MACHINERY experts racked up single scores in the seventh and eighth cantos. It was Collier in the scoring role again. He drew a base on balls, stole second, advanced to third on a passed ball, and ambled home after Joe Sereda poled a long double to left field.

The final run of the piece came in the eight. Roy Chobotuk poked a single to left, then took second and third unmolested. He streaked home on Peter Dyck's single to left.

Doug Grayer pitched commendably for the Aces, alloting seven hits but setting down ten hitters via the strikeout route.

Three More Players Report

Johnny Gray Returns To Pitch at Renfrew

Johnny Gray, who pitched for the U.S. Army Yanks for all three seasons during which the Americans were represented in the Edmonton Baseball League, arrived in the city yesterday from St. Louis, Mo., and will again perform at Renfrew Park.

Edmonton's baseball colony was further increased by the reporting Sunday of Andy Clovechuk, Don Lippincott and Charles Roeder.

CLOVECHUK, a shortstop, is from Vancouver where he also was a member of the Vancouver Canucks last winter and the previous season. Lippincott and Roeder arrived last night from California.

Lippincott is a catcher from the Ventura club and Roeder, a six-footer who plays in the outfield, comes from Sacramento.

JOHNNY GRAY not only was the leading pitcher here in '45, but one of the top hitters as well. He appeared in 11 regular league games and secured 13 hits out of 34 times at bat for an average of .383.

Included in his hit-total were four two-baggers, a pair of triples and one over-the-scorebard homer, undoubtedly one of the longest hits ever made in the park.

Yesterday's workout at Renfrew took the form of a practice game. Daily workouts will continue this week in view of the Big Four Intercity League opening game on Friday.

"Cowboys" Heading For Final Roundup

Hunter Sparkles As Calgary Ties Senior Playoff

TORONTO, May 12 (CP)—The hockey-wise Calgary Stampeders, who twice tottered on the brink of elimination, have stomped back with a vengeance in the Allan Cup final.

After losing three of the first four games Stamps are still a game away from retaining their Dominion title, but Saturday night they breezed to a 5-2 triumph over Montreal Royals to register their second straight win and force a seventh and deciding contest.

SPARKED by centreman Ken (Red) Hunter who bagged three goals, the Stampeders led all the way to rack up their first win by more than a single goal and send the teams back to Montreal for the final game tonight. The Royals have scored two of their three wins on home ice.

Hunter got plenty of help from his teammates, who except for the second period, completely outclassed the young and hard-skating Royals. Forward Bunny Dame and utility man Archie Wilder, who was carried from the ice on a stretcher after being injured in the third period, scored Calgary's two other goals.

WILDER crashed into the boards as he rounded the Montreal net. After the game he was taken to hospital for an examination which disclosed a chipped bone in his right leg.

However, both he and defenceman Bud Emery, who suffered a badly swollen eye after running into an elbow, left with the Stampeders for Montreal yesterday. Wilder will definitely be out of the final clash and Emery is considered a doubtful starter.

BOTH MONTREAL counters were scored by right winger Jacques Locas with his linemates Deny Casavant and Pete Morin getting assists on each one.

Royals threw away any chance of winning when they began to rough up the Stampeders in the third period. Until that frame only one penalty had been handed out—to defenceman Doug Harvey of the Royals in the first period—but in the final session, irked by the pesky Stampeders, Royals attempted to slow them up by rough play.

IN THAT FRAME they had five penalties to the Stampeders two and at one stage three Royal players were in the box at the same time. But only one of Calgary's goals were scored when they had any advantage in manpower.

That counter was the opening tally in the first period by Wilder, who scored while Harvey was sitting out the first of three penalties. It was an uphill battle from then on for the Royals who were unable to reply to two goals by the Stampeders in each of the first and third periods. In the middle session the Royals outscored them 3-2 and twice came within a goal of pulling level.

CALGARY DREW away at 2:42 of the third period when Hunter potted his third goal to put them in front 4-2.

Leading 2-0 going into the second period, the Stampeders decided to play it close and try to protect their margin. But they soon found that they couldn't do that with the speedy and sharp shooting Royals and near the end of the period reverted to their first period offensive tactics.

IN THE THIRD, period, with the manpower advantage, the Stampeders carried the play to the Royals and only the brilliant work of goalie Gerry McNeil prevented them from piling up a bigger lead.

The crowd of 8,365 were kept in a frenzy throughout as they rooted wildly for the underdog Stampeders as if they were a hometown club. Thunderous cheers greeted every Calgary goal and the many spectacular stops of Russ Dertell, whose outstanding goaltending combined with Hunter's goal-getting brought the westerners victory.

"Spiv and Let Spiv"

TICKET-SCALPING RACKET IRKS BRITISH SPORTSMEN

By JACK SULLIVAN

LONDON, May 12 —(CP)— The British sportsman usually is a tolerant fellow, but he's getting his back up because the boys with the padded shoulders are edging into the ticket-scalping racket.

It represents another sideline of the "spiv", a monicker which applies to any character having anything to do with "shady" dealings.

Geoffrey Simpson, sports editor of the London Daily Mail and John Macadam, Daily Express sports columnist, came out strongly against the spiv after the Football Association Cup final game between Charlton Athletic and Burnley.

AFTER NOTING THAT THE TICKET racketeers made anything from 200 to 500 per cent on cup-final tickets and up to 300 per cent on the Joe-Baksi-Bruce Woodcock fight ducats, Simpson called them "slimy grafters" and Macadam said they are life members of the National Layabouts' Union whose motto is to spiv and let spiv.

Both writers called on the Football Association to devise a plan to keep the wise boys out. "In the interest of sport, to say nothing of human dignity, this awful post-war growth that is poisoning all big events must be exterminated, said Macadam.

"Rest-of-Europe" Beaten 6-1

Old Country Soccer Now on Home Stretch

LONDON, May 12 (CP)—Most of the attention of Britain's soccer fans was directed towards Glasgow Saturday where Britain defeated the rest-of-Europe 6-1, but in England, vital promotion and relegation matches were fought.

Wolverhampton Wanderers, trying hard to win the English League first division championship, suffered a blow when Everton defeated them 3-2 before 40,000 fans at Wolverhampton. The setback left Wolves with 53 points, one more than Stoke City, idle Saturday, and Manchester United who salvaged a point in its 1-1 draw at Preston.

AT THE BOTTOM of the table Charlton Athletic, cup winner was defeated 3-1 by Liverpool and now needs one point in its remaining four games to assure a spot in the major division next year. Leeds United, already doomed for second division play next season, lost 1-0 to Huddersfield Town and Brentford, almost a certainty for relegation, dropped a close 1-0 game to Bolton Wanderers.

Manchester City, second division leader, increased its lead over Burnley to five points with a 1-0 decision over second place club in a tough battle at Manchester before 60,000 fans.

CARDIFF CITY almost clinched southern section honors with a 1-0 triumph at home over Port Vale. Cardiff, with three more games to play, has 60 points.

Queen's Park Rangers, southern section runner-up, played a 1-1 tie with Bristol City.

THE NORTHERN section championship is almost a cinch for Doncaster Rovers, victorious 2-0 over Southport. Doncaster has 69 points for forty games, a 10-point lead over Rotherham United who whipped Lincoln 3-0. The United must win their remaining five games and Doncaster must drop their remaining two matches to end the season in a point-tie.

ALL-STAR ELEVEN IN STRONG FINISH

GLASGOW, May 11 (Reuters)—A £100,000 ($400,000) all-star soccer team from all parts of the United Kingdom Saturday soundly defeated "rest-of-Europe" eleven 6-1 before 134,000 spectators at spacious Hampden Park here in what was described as the "match of the century." Britain led 4-1 at half time.

The British club—team of players from England, Scotland, Wales and Ireland—was held on even terms until midway through the first half when they broke out on a goal-scoring rash that drew the tremendous crowd to its feet.

Pivot of the attack was Willie Mannion, Middlesborough's brilliant inside right.

Stan Matthews, one of the trickiest players in the game, was transferred from Stoke City to Blackpool for a reported £12,000 after the game.

Two Tennis Wins For Budge Patty

PARIS, May 12 (AP)—Budge Patty of Los Angeles and Geoff Brown of Australia defeated the French pair of Marcel Bernard and Pierre Pelizza, 8-6, 6-4, 6-1, Saturday to win the doubles finals of the Paris international tennis championships at Roland Garros Stadium.

Patty then teamed with Nellie Landry of France to win a mixed doubles match from Jacqueline Saladin and Henri Bolelli, 6-0, 6-4.

Drever's Batting Cricket Feature

Sensational batting by Bill Drever who contributed 110 runs, not out, together with J. L. Weaver's 51 were more than sufficient to assure victory for the Edmonton Club over Wanderers in yesterday's cricket match at the golf links pitch.

Only three Edmonton players batted, F. G. Stewart being retired by R. Jones for only four runs. Extras accounted for the balance of the team's score of 168 as compared to the Wanderers' 159.

Jack Edwards was top batter for the losers with 55, just one run more than W. Stanley made.

Change Officials For Game Tonight

REGINA, May 12 (CP)—Al Pickard, president of the Canadian Amateur Hockey Association announced here last night that Vic Lindquist of Winnipeg and Pat Patterson of Toronto will officiate at the last game of the Allan Cup finals between Calgary Stampeders and Montreal Royals at Montreal tonight.

The pair will replace Windy Lyndon of Winnipeg and Dinty Moore of Port Colborne who handled the six previous games.

No reason for the change was given.

It could not be learned in Toronto what formal complaints had been made about the refereeing in Saturday's game but coach Frank Carlin of Montreal Royals charged the referees were utterly incompetent. "The referees were lousy, that's what I think," he said.

60,000 See Game

PARIS, May 12 (AP)—Lille won the coveted Coupe de France French soccer championship Sunday defeating Strasbourg 2-0 before a crowd of 60,000, including president Vincent Auriol, jamming Colombes Stadium.

Soccer Tourists Draw at Chicago

CHICAGO, May 12 (AP)—The touring Palestine champion Hapoel soccer club was held to a 1-1 tie Sunday by the combined Sparta-Hakoah teams of Chicago before some 20,000 persons in Soldier Field.

The visitors took a 1-0 lead after 32 minutes of the first half on a goal by Eliahu Fuchs, centre half.

Raf Mejia, Mexican inside right of the combined locals, tied the score after five minutes of the second half.

Smiley Quick May Miss Cup Games

ST. ANDREWS, Scotland, May 12 (AP)—Misfortune hit the United States Walker Cup golf team again and put Smiley Quick of Inglewood, Calif., on the shelf Sunday.

While stepping over some lumber Saturday night, Quick came down on a nail which pierced his shoe and entered his foot.

Sitting in his hotel room yesterday, his foot swathed in hot towels, Smiley's gloom belied his name.

"I was just hitting the top of my form," he said ruefully, "when this had to happen. My doctor has given me tetanus shots to prevent infection, but he does not know whether I shall be okay for Friday.

Alouettes Sign Toronto Kicker

MONTREAL, May 12 (CP)—Lou Hayman of Montreal Big Four Alouettes, announced Saturday that Fred Kijeck, former Toronto Indian halfback, will play here this season.

Kijeck was slated to turn out with Alouettes last year but was dropped from the club's roster after Hayman and the 26-year-old kicking star were unable to agree on certain points of the latter's contract.

Jones Boys Click Again

Alberta Rider Pilots Faultless to Victory

BALTIMORE, May 12 (AP)—The Missouri magic of the horse-training Jones boys, Ben and Jimmy, made a champ of a third-string colt—tall and rangy Faultless—and sent him out to smash his way to a sizzling triumph Saturday in the 57th Preakness Stakes.

Faultless was ridden by the Calumet contract jockey, Doug Dodson, a native of Westlock, Alta., who learned to ride in Oregon.

FIT AND FULL of run in the stretch, the lanky son of Bull Lea went past the Kentucky Derby winner, Jet Pilot, and the California contender, On Trust, to hit the wire a length in front before a crowd of 40,222.

It marked the third Preakness triumph for the Calumet farm of Chicago's Warren Wright, and was definitely one of the larger rabbits the Jones boys from Missouri ever pulled out of a hat.

IT WASN'T ONLY that Faultless was the original third choice of the Calumet two-year olds of last season to be aimed for the jewels of the triple crown. But he was up against two horses which whipped him the previous Saturday in the Derby on a track he didn't like.

And this time, with a fast track, he showed them who was boss.

BOTH JET PILOT and Phalanx, the one-two of last Saturday's derby, ran the Preakness as they were expected to, and couldn't win. Phalanx, favored at even money, came flying with his usual closing kick to finish third, 1½ lengths in front of the Pilot, held at the unexpected long odds of 5-1.

Another Alberta-born jockey, 27-year-old Al Snider of Calgary, had less luck with the only Canadian-owned entry in the race. Snider finished ninth in the 11-horse field aboard the fast-breaking Cornish Knight, representing E. P. Taylor of Toronto.

VICTORY FOR Faultless was a surprise windup to the most open Preakness in years, but not one to cause really strenuous eyebrow-lifting. For Faultless was beaten only two heads the previous week, and had won five of his eight previous three-year-old starts.

As a result, he made second choice in the betting at $10.40, $4.80 and $2.80 across the board, with On Trust $7 and $3.40 and Phalanx the legal minimum of $2.20 for third.

Classification of finger printing was established in 1892.

CANADIAN BOATS IN SECOND PLACE

HAMILTON, Bermuda, May 12 (CP)—Mac Paschal and Sydney Greet of the Bermuda Dinghy Association Saturday won the first international 14-foot dinghy championship, taking two firsts and one second in a three-race series for a total of 21 ½ points.

John Schwab and Dr. Bob Townsend, both of the Royal St. Lawrence Yacht Club of Montreal, finished second with one first and two seconds for 20 ¾ points.

The other Canadian entry, sailed by Dick Stevenson and Ian MacLean, also of the Royal St. Lawrence club, placed fifth

WHERE IS THE HOLLAND TUNNEL?

The most interesting of the world's great tunnels are those which go under rivers. One of the largest of these is the Hudson River Vehicular Tunnel, popularly known as the Holland Tunnel, between New York and New Jersey.

It is one of the most remarkable engineering feats of our day. It consists of twin tubes 9,250 feet long, each having a roadway 20 feet wide. Traffic, running one way in each tube, is divided into two lanes, one for slow speed travel and one for fast.

Before the tunnel was built, the only way in which a motorist could cross from New York city to New Jersey, or vice versa, was by being ferried across the river. This was very slow because a ferry can carry only a few cars at a time. Traffic would collect at the dock and have to wait in line. On Sundays and holidays, it would sometimes be necessary to wait for hours.

The construction of such a long underwater tunnel involved many engineering problems, chief of which was the difficulty of keeping the tunnel free from the poisonous gases discharged from the motors. This was accomplished by building four ventilating stations, one at each end of the tunnel, one in the river near the New York side, and the other in the river near the New Jersey side.

Lined with white glazed tiles, the interior presents a very pleasing appearance. Along one side is a narrow railed walk where policemen are on duty at all times to direct traffic and to help any motorist who is forced to stop.

The tunnel was named in honor of Clifford M. Holland, the chief engineer who planned and directed the work until his death, when the tunnel was nearing completion. It was opened November 13, 1927. Over 52,000 automobiles passed through it on that day.

It was not long before traffic between New York and New Jersey grew too heavy for the Holland Tunnel to serve all of it. On October, 1937, another tunnel, the Lincoln, began to take some of the stream of cars.

Scouts Can't Go To World Jamboree

OTTAWA, May 12 (CP)— Shortage of shipping space will prevent Canada from sending a contingent to the international Boy Scout world jamboree of peace in France next August but two officials of the Canadian association will represent the Dominion at the meet, Maj.-Gen. Dan C. Spry, chief executive commissioner, announced Friday.

By DOROTHY DIX

Pride May be Asset, Could be Liability

Pride can be either the greatest asset or the worst handicap that any human being can have. It depends upon the particular variety of it that one possesses that makes it a blessing, or a curse. It is like a potent drug that stimulates one to put forth every effort to make the best of oneself and one's opportunities, or else it deadens every energy and turns even those who had the ability to succeed into failures.

No other one thing is such an indication of character as pride is. If you will judge a man by what he is proud of, you will not go wrong in your estimate one time out of a hundred. You can use even so small a thing as his collar as a yardstick to measure him by. If he has on a dirty collar and there is stubble of beard on his unshaved face and his coat looks as if he had slept in it, you don't need any other evidence to tell you that he is a slacker who has no pride in himself or his work, and that he will never amount to a row of pins.

ON THE OTHER hand, a man's clothes may be threadbare, but they will be clean; his shoes may have holes in them, but they will be blacked, if he has pride in himself. And you can bet your money on him, for he is going places. He is too proud to sit at the foot of the ladder. He is bound to climb it, however steep and hard it is. Humble pie is not his dish, so he works and struggles until he turns it into cakes and ale.

The right sort of pride is also one of the greatest moral builders in the world. A man may be too proud to lie, or steal, or do any underhanded and dirty trick to make money. Pride may keep a sorely tempted girl from dragging her skirts through the mud of a sordid love affair. Once I covered, as we newspaper people say, a case in which two old women nearly starved to death, and their niece did starve to death, because they were too proud to ask the help of friends who would gladly have given it to them. Wrong and foolish of them, of course, but there wasn't a reporter among us who didn't take off our hats, as we wrote the story, to those old women who would rather have died than beg.

BUT IF THE right kind of pride is a sword with which to fight the battle of life, the wrong sort of pride is a tinsel toy that breaks in the hands of those who use it. And, oh, they are so pitifully numerous! The men who are too proud to work, but not too proud to sponge on their friends and borrow money that they know they can never repay, or to let their wives or their mothers support them. The men who would be good mechanics, but who are too proud to follow an honest trade, but not too proud to become bums and loafers.

And still more pathetic are the hordes of women whose false pride makes them starve keeping up a pretense of prosperity that they do not possess. They are the women who take "paying guests," instead of running the kind of boarding house that would make them rich. They are the women whose false pride will not let them become dressmakers, caterers or housekeepers, or do any other work that isn't "elegant," but which pays good money, because Great-Grandfather was in the Legislature.

Great is the power of pride. Pity that we devote more time and effort to cultivating the more profitable varities.

Your Baby and Mine

By Myrtle Meyer Eldred

There is no one more eager than I to help mothers with all those hundred and one perplexities which beset her, no matter how much medical advice she gets. I can do this best when mothers co-operate with me.

All I know about any baby is what the mother tells me. Quite often she writes, "my baby," without even thinking to tell me its age. She enumerates the child's behaviour in great detail but she forgets to build up a background which will make it possible for that behaviour to be meaningful to me.

I can't diagnose or give advice about illness, those belong to the baby's personal physician. And I do have to know how much the baby weighed at birth, how much he weighs now (that tells a lot) and how he is fed, right down to the last detail.

It's nice to have other information pertaining to the baby or child. When does he sleep, day and night? With whom does he play? Is he an only child or one of several? A mother doesn't need to write a book, but she can try to imagine what she should tell me that will give me a good picture of her child and his surroundings.

Sometimes readers have information they would like to pass on to other readers and they write, "Please send this letter to Mrs. G. Y. who wrote in your March 12th column. I know she will be interested, because I had the same trouble with my baby." I wish my readers could take one peek at the daily mail that comes to this column, and they would understand better what happens to a letter. It is read, answered and destroyed. If the mother would like to share her information and I consider it valuable and generally interesting I shall be glad to publish it.

And I appreciate it so much when a letter is signed. No one's name is ever used in the column! but it gives me an opportunity to send more information than could be packed into a column. Annonymous letters of vituperative nature are not read. Life is too short to get upset about opinions to which persons haven't the courage to put their names.

I love your letters and want to be helpful. Please help me to be.

Our leaflet No. 1, "The Prospective Mother," may be had by sending a stamped, self-adressed envelope to Myrtle Meyer Eldred in care of **The Edmonton Bulletin.**

The Canadian - American tournament discontinued even before we entered the war, is being revived this year and will be held at the Hotel Niagara, Niagara Falls, N. Y., May 23-24. The finest players from Cleveland, Erie, Buffalo and Pittsburgh always compete in this tournament, and a large delegation is expected from New York and Detroit.

Canadians have done very well against American players. Back in 1936 a Canadian team won the national team-of-four championship in Chicago. P. E. "Shorty" Sheardown of Toronto will be on hand with a group from the Toront Whist Club.

"Shorty" knows all the tactics of duplicate play. He found himself defending a four spade contract on today's hand, and after winning the first two tricks it looked as if he and his partner were not going to get any more.

East's two spade bid over one heart showed at least a five card spade suite, and there were five good heart tricks in dummy. East also would have to have the ace of diamonds to justify his bidding.

But Sheardown did not give up. At trick three he led the five of spades. The eight was played from dummy, North put on the jack and declarer won with the king. East went over the dummy by playing the four of hearts and led the ten of spades. When North played the six, East left the ten-spot ride, figuring that nobody would lead away from the queen and one spade and that North must have the queen. And of course Sheardown won with the queen.

True, declarer still made his contract of four spades, but nevertheless he received a bottom score on the board. Every other declarer laid down the ace and king of spades, catching South's queen, thus making five-odd. In tournament bridge it is the extra trick that counts.

Why Grow Old?

Many women long to be artistic in some field of endeavor—**Actress Virginia Hunter** enjoys decorating Indian pottery. Such artistic desires may be applied to facial make-up as well.

By Josephine Lowman

Virtually every woman has at sometime longed to express herself in one of the arts. She has pictured herself as a great concert artist, a famous writer for playwright, or has in her imagination wrung tears and laughter from the stage.

A great many women have contented themselves by turning themselves into works of art as completely as nature and artistry and cosmetics would allow. For this reason and because of the worthy ambition to make themselves as attractive as possible, women everywhere are interested in new cosmetics and makeup tricks and in hair styling magic.

Many busy women in average homes and even those who are very well off financially, overlook the great improvement they can achieve through the use of eye makeup. They fear this because they are not so familiar with the rules for color selection and application as they are with, let us say, lipstick technique. When the wrong shade of eyes shadow or mascara is used and the application is clumsy, the result is so glarish that it has antagonized many would be feminine users. However, when the eyes have an emphasized frame they take on new beauty and depth.

Today you can indulge your artistic creative instinct with palette and brush, while you paint your own eyelashes. A mascara palette is now available. There are four different miniature artist's palettes containing four different mascara shades which have been selected to complement four types. They have been named, "Blue Eyes," "Brown Eyes," "Hazel Eyes," and "Green Eyes.

Colors other than brown and black are at times most flattering depending on the lights and your gown. Certain blues and greens in mascara are just as becoming as the green or blue earrings or necklace you may find attractive.

Women should experiment more with application of mascara. Always avoid the beady look. Be sure that your lashes are separated before you apply mascara and that they do not stick together afterwards. You can use a brush before and a hairpin to separate hairs afterwards.

If you wish to have makeup suggestions for your type, send a stamped, self-addressed envelope with your request for leaflet No. 50, "Whats Going On?" to Josephine Lowman in care of **The Edmonton Bulletin.**

Veterans Enjoy V-E Day Smoker

V-E Day was relived Saturday night by 300 veterans of two world wars, at a V-E Day smoker at the Army, Navy and Airforce Veterans club. Gratification was expressed at the successful end of the war and a hope voiced that the new peace would be lasting, by club president Harry Lynn. An entertainment program was presented by Jimmy Grant, Bill Ness, Frank Williams, Bill Smith, Jack Williams, and Stewart Campbell. Performers were lauded enthusiastically and many encores were called. Mr. Lynn was master of ceremonies, while Sam Hobbs was pianist. Community singing was well received.

Our Town

Lights! Camera!

"The Lost Week-End" was a good picture all right. I'm not saying it wasn't. But I'm pretty sure that the movie script I'm working on now will be just about twice as sensational. Maybe more. I still have to work out some of the love interest, but maybe a brief sketch of the general plot will be enough to give you and Metro-Goldwyn-Mayer the idea.

The picture will open with a simple foreword. As the background music swells up, played by the New York Philharmonic, Philadelphia, Boston and Los Angeles symphonies, simultaneously conducted by Benny Goodman and Arturo Toscanini, we see this simple message:

"Giving up smoking requires nothing more than the will power of a four-year-old child. There are very few four-year-old children who can't give it up over-night."

Then we go right into the first scene. Our star (suggest we sign Milland) has just been persuaded by his sweetheart to give up Lady Nicotine, obviously an old friend of the family these many years. Milland is in terrible shape. His hand shakes as he lights his last cigarette. He has several days' growth of beard on his face.

Any extreme exertion, such as sitting down, standing up or opening a door, produces a nasty wheeze. It is obvious that he is pitiably overdue in discussing unconditional surrender with his lungs. His sweetheart has convinced him that he must Give It Up. As she takes away his last pack of cigarettes and throws it out the window we have a close-up of Milland. He grits his teeth, a look of intense determination on his pan. He is Going To Go Through With It.

We follow this with a montage of scenes showing our hero under several trying circumstances.

In the street he meets a friend who offers him a cigarette, so round, so firm, so fully-packed. Milland declines. The friend lights up with exaggerated pleasure, inhales deeply and blows out the light blue smoke. We see Milland's nostrils twitch.

Favorite Brand

Arriving at his office he finds several gifts for him as it just happens to be his birthday. Unwrapped, they all turn out to be cartons of his favorite brand. We see Milland pale. (We'll have to do this in Technicolor after all.)

His boss comes up beaming and announces that his wife has had twins. He offers Milland an expensive cigar. We see Milland turn blindly away.

In a theatre Milland watches a typical movie. The entire cast of 60 light cigarettes repeatedly, stubbing them out after one quick puff, as everybody invariably does in movies. The place is lousy with butts. We see Milland stumble brokenly out of the theatre.

In a night club a gorgeous cigarette girl (Ingrid Bergman with a wig) circles his table around and around with a tray heaped with brightly-colored cigarette cartons. We see Milland clutch at his throat.

As all this transpires our theme music, "Smoke Gets in Your Eyes," is mounting to a terrifying crescendo and the whole screen becomes obliterated with curling, seductive smoke from fifty million cigarettes.

By this time even the people who came in thinking it was a western picture will have got the idea.

Now we come to the really big dramatic scene in the picture.

We see Milland awakening the next morning. One eye opens slowly and his hand reaches out to the table where he ordinarily keeps his cigarettes. His hand fumbles about, finding nothing. He sits upright in bed. Suddenly he realizes he is Not Touching Them. Then we see his will power wilt away. A two-day growth of beard suddenly comes on his face.

No Cigarette

He staggers across the room to his clothes closet and begins fumbling through his suits. No cigarette. He totters about the room opening cigarette-holders. They are all empty. Openly whimpering now he lunges about the

Keenly Interested Developing Trade

Canadian soldiers in Holland after the liberation were "the best salesmen ever for Canada,' T. Plomp, representative of the CPR in Holland and curator of the Netherlands-Canada Association in Holland, said in an interview here Monday.

Mr. Plomp, who also edits the association publication in The Hague, which furnishes complete information concerning Canada's production and cultural life, is touring Canada gathering up-to-date information and visiting some of the 300,000 Canadian-Dutch residents in the Dominion.

HE IS KEENLY interested in developing more trade between Canada and The Netherlands. A trade office will be opened in Montreal in May, marking the first occasion that Holland has had an official trade office in this country.

Holland is interested in establishing industries in Canada, most of which will be manufacturing plants located in eastern Canada, Mr. Plomp said.

Holland takes a considerable amount of agricultural products from Canada but her greatest need is machinery and machine products which are unfortunately in short supply in the Dominion at present.

THE NETHERLANDS - Canada association is co-operating with the War Graves Commission in a plan whereby Dutch families "adopt" graves of Canadians buried in Holland and maintain them in a state of beauty at all times. Contacts are formed with the bereaved relatives of the war heroes in this way.

Mr. Plomp is on his way east after a visit to the Pacific coast. He arrived here from Europe on April 20.

TAX PREPAYMENT

Prepayment of taxes on the first instalment for the period May 1 to May 9 totalled $227,426.10, compared with $195,939.01, an increase of $31,487.09, according to Thomas Walker, city assessor.

At University Hospital

New Nurses' Residence Visited By Officials

New ultra-modern nurses' residence of the University Hospital, was the scene of a reception for provincial government ministers and deputy ministers Saturday afternoon and evening. Dr. A. C. McGugan, and receptionists were on hand to show the visitors through one of the most up to date nurses' residence in Canada.

The new building is one of the latest steps taken by the University Hospital in its modernization program.

Visitors, as they entered the building, were greeted with a view of a splendid reception and waiting room. The room is furnished with chesterfields and easy chairs, and there is also a piano.

LIVING QUARTERS of the nurses is the main feature of the new residence.

"This is one of the most modern residence buildings in Canada and when completed it will be the finest. At present it houses 135 nurses, and when completed it will house 325. We are doing every thing we can to make this a home for the nurses," stated Dr. McGugan.

When completed the building will cost approximately $450,000 said architect George Heath MacDonald, designer of the new residence. A tunnel will connect the residence with the hospital.

Classrooms in the buildings are very spacious and all efforts are being made to assist the nurses in their training.

ANOTHER OF THE many features of the new building is the inter-room communication system. A switchboard connects every room, and in case of emergency nurses can be summoned immediately.

Student dieticians were on hand at the reception and showed the fine pantry the building houses.

Cardinal McGuigan Is Coming Here

On his second visit to Edmonton within a year, Cardinal James McGuigan, Roman Catholic Archbishop of Toronto, is scheduled to arrive here by Canadian Pacific Railway at 5 p.m., Thursday. A reception will be held at the depot and a busy program is arranged for his four-day visit.

Friday morning at 8 o'clock Cardinal McGuigan will attend celebration of mass at the O'Connell Institute, and will officiate at the turning of the first sod for the new building which when completed will be devoted to orphan children.

The cardinal will attend a liturgical reception. At 6:30 the same evening he will be honor guest at a Knights of Columbus banquet in the Macdonald hotel.

With a heavy agenda of attendance at church functions throughout the four days, Cardinal McGuigan will appear publicly at a reception to be held in the Capitol theatre at 3 o'clock Sunday afternoon.

Cooler Weather In Prospect Here

Considerably cooler weather is predicted for here on Tuesday. intermittent rain is forecast today but will cease after midnight.

Northwest winds will prevail at 25 miles per hour.

The maximum temperature yesterday registered 63 above at 6:30 p.m. and the low read 38 above at 5:30 a.m. The overnight low was 41 above at 4:30 a.m.

The estimated low temperature today is 45 above. Expected high temperature Tuesday is 55 above.

Auto Is Stolen After Accident

Bad luck was with Andy McCorrister, 9908 151 street, during the week-end. Not only did he become involved in an accident in which a man was injured, but he also had his auto stolen.

About 2.45 p.m. Sunday he was driving along 106 street just south of Portage avenue. He told police that for a few moments he was blinded by the lights of an oncoming car. He felt his vehicle strike something, stopped and found John McIntyre, 10125 99 street, lying on the road bleeding from a head wound.

McCorrister then transported the injured man to the Royal Alexandra hospital. While McCorrister and a friend helped McIntyre into the hospital Mrs. McCorrister and a lady friend stayed with the auto. Then the two ladies decided to go for a walk and while they were gone the auto was stolen.

The vehicle is a 1929 sedan, dark blue in color with light blue trim around the windows.

Hospital authorities said Monday that McIntyre was much improved and was doing fine.

T. R. SEAMAN

Former Resident Dies At Vancouver

Word of the death of Thomas Reginald Seaman, resident of Edmonton for nearly 30 years, was received by friends in Edmonton over the week-end.

Mr. Seaman was born in Listowel, Ont., 59 years ago and came west to Edmonton in 1908. He was associated with his brother, Ken Seaman, in the Seaman Tire Repair in this city, before he joined the Hayward Lumber Co., with which firm he became mill superintendent.

In 1937 he moved to Vancouver where he was employed with Sigurdson's Lumber Co., in a similar capacity until his death.

He died in St. Paul's hospital, Vancouver, on Saturday. A funeral service will be held Wednesday at Forest Lawn Memorial Park, Vancouver.

Survivors are his wife; his parents, still of Listowel, Ont.; two daughters, Mrs. A. Thompson, Winnipeg, and Mrs. Thomas Forsythe, Vancouver; one son, Vernon Seaman, Vancouver; one brother, Kenneth, Vancouver, and five grandchildren.

Inspection Friday Edmonton Cadets

Maj.-Gen. F. F. Worthington, CBE, MC, MM, ED, general officer commanding Western Command will inspect four Edmonton cadet corps Friday at 7 p.m. on the Victoria High School grounds. In case of rain the inspection will take place in the Prince of Wales Armory.

Accompanying him on the inspection will be Maj. J. K. Mahony VC, Western Command cadet officer, and Lt. H. W. King, Northern Alberta cadet officer.

Approximately 200 cadets will be inspected for general efficiency, and efficiency grants will be awarded. The inspection will mark the end of the winter training.

The four cadet corps to be inspected are: Victoria High School; The Loyal Edmonton Regiment; Eastwood High School, and 19th Armored Car Regiment.

After the inspection there will be a march past, and an advance in review order, followed by a demonstrations of training and equipment. The band of Victoria High school will be in attendance.

Edmonton Actor In East Hospital

Near-tragedy struck the Dominion Drama festival in true theatrical style on Saturday afternoon when a player from Edmonton had to be rushed to hospital and operated on.

Frank Holroyd, who played the lovable old man, "Mr. McGregor," in the Edmonton Community Theatre's presentation of William Saroyan's "My Heart's in the Highhlands" on Tuesday evening, took suddenly ill early Saturday afternoon. Mrs. C. H. Ivey, his hostess, called Dr. Mauley Peever. Within minutes Mr. Holroyd was on the operating table in a London hospital undergoing an emergency appendectomy.

His condition was pronounced satisfactory today.

Plan Co-op Parley Here Next Month

Legion Convention To Be Held Here

Fifteenth annual convention of the Alberta Provincial Command, Canadian Legion, will be held in Edmonton from June 8 to June 11, at which it is anticipated there will be more than 500 delegates attending, including Legion members, and members of the Ladies' Auxiliary to the Legion.

Announcement of the convention is contained in a communication from W. J. Williams, MLA, executive secretary of the Edmonton (Montgomery) Branch No. 24 to city council, in which it is requested that a grant of $300 be made by the city toward expenses of this convention. When the convention was held in Calgary in 1944, Mr. Williams points out, a grant of $400 was made by the Calgary council toward expenses of that convention.

Mr. Williams intimates that the Montgomery branch is the host branch on this occasion, and it intends to make the convention the finest ever held in the province.

Hotel Prowlers Get $174 In Cash

Hotel prowlers were active in the city during the early hours Sunday, and looted four persons of a total of $174.

William Baird, Birch Island, B.C., and Clarence Fraser, Vancouver, told police they retired to their room in a city hotel about 4:45 a.m. Sunday and locked the door, leaving the key in the lock.

When they awoke at 7 a.m. the door was unlocked, the key was on the floor, and Baird's pants, his wallet, $80 and a return ticket to B.C. were missing, while Fraser was minus $62 from a wallet in his trouser pocket. Later Baird's trousers were found in a wash room.

While asleep in his room at another hotel between 2 a.m. and 10 a.m., William White told police a wallet containing $12 was taken from his trouser pocket. The wallet was located in the washroom later but the money was missing.

Another victim was Nettie Sedoruk, Dominon Block, who reported the theft of $20 from her room sometime Sunday morning.

Stockmen Visit Gallinger Farm

Stockmen from many parts of the continent congregated in Edmonton Monday morning for the purebred Shorthorn bull sale from the Claude Gallinger farm to be held Tuesday afternoon at the Exhibition Grounds.

Approximately 200 were expected to bid for the 30 animals Mr. Gallinger will put on the auction block Tuesday.

Monday morning the sale visitors boarded a fleet of chartered buses for a trip to the Gallinger farm in the Tofield district. Monday evening the visitors were to be guests of Mr. Gallinger at a banquet in the Macdonald hotel.

Among those attending the sale from distant places are: Prof. A. Ewan, head of the agricultural department at the University of Saskatchewan; J. R. Bell, livestock commissioner for Manitoba; Will Johnson, manager and publisher of the magazine Shorthorn World, of Aurora, Ill., and A. D. Radebaugh and Robert A. Watt of Washington, D. C.

Fairview Musical Festival Concludes

FAIRVIEW, May 12 — The 1947 Fairview musical festival came to a climax recently with a grand concert, held in the Gem Theatre. Over 200 entries were received.

Mrs. J.D. Forgie, secretary, was given high praise for her very efficient manner in handling the two day festival, by the adjudicators. Praiseworthy performances were rendered by the participants, and the adjudicators spoke highly of the fine talent that can be found in this north country.

room looking in ash trays. The cleaning woman has taken even the butts. Suddenly, remembering the last picture he was in, he looks into the chandelier. It contains only a bottle of Scotch.

Frantic, now, he gets into his clothes and rushes out into the street, hurrying down to the nearest tobacconist's. It is closed. He runs on to the next shop. Closed. This goes on until it gets pretty close to being boring, but then he confronts two men in front of another shut-up shop.

"Why are the doors closed?" he cries to one of the men.

"It could be because it's Sunday," the man replies. Milland staggers backward. Then, all pride gone, he sobs, "Please, please, have you got a cigarette?"

"I find I can get along without them," the man says.

"Never use them, personally," the other man says.

I haven't quite worked out how to get beyond this point, short of Milland shooting both men down in cold blood, but by this time you will have begun to see the possibilities.

What? You don't think this is true-to-life? My friend, I am a man who has just given up smoking.

Gets Jail Term Forgery Charges

Spared from a jail term during the past three years by two men who had faith in him, Wilbert E. Baker, formerly of Edmonton and Westlock, received two six month sentences in court Monday morning on charges of forgery and uttering a forged document. The terms are to be concurrent.

Evidence showed that in June 1944 the accused had forged the name of W. J. Murfitt, Westlock, to a cheque for $220 and then cashed the same at a service station in Edmonton. When the offence was discovered shortly after, a friend of Baker's made restitution for him on the grounds that he pay back the $220 in payments of $15 per month. If this was done Mr. Murfitt said he would lay no charge against the accused.

Since then the accused has been working steady and made no efforts to pay back the money. He was arrested in British Columbia recently and brought back to Edmonton under RCMP escort.

The accused said he had tried his best but was unable to meet the payments.

Princess Pat's Attend Reunion

Annual reunion banquet of the Princess Patricia's Canadian Light Infantry Association, Edmonton branch was held Saturday night at the Macdonald. About 45 former members of the famed "Princess Pat's" of both World Wars attended the union, held in commemoration of the battle of Frezenberg, fought May 8, 1915, when only four officers and 150 men of the whole battalion were left after turning back vicious German onslaughts. A roll call Saturday night showed that eight men of that battle were present at the banquet.

A CENOTAPH PARADE was held before the banquet, and A. McCulloch, president of the association, deposited a wreath as pipers sounded the Lament. Parade marshal was Sam Campbell.

Pipe Major Henry Laing and Piper Alex Thompson piped members and guests into the banquet room. They played at intervals during the dinner.

In Calgary, the active PPCLI regiment trooped the colors, and Col. C. H. Ware, officer commanding, took the salute.

Guest speaker was Col. E. B. Wilson, OBE, officer commanding the Loyal Edmonton Regiment for two years of World War II. Associated with the Princess Pats when he was brigaded, Colonel Wilson stated that the battle of Frezenberg was the turning point in developing the Pats into a crack regiment.

ANDY McCULLOCH, president, was in the chair. Toast to the regiment was proposed by F. Purkie. After dinner a sing-song was held, and members reminisced the "old days." Princess Patricia's members from out of town attended. A message from Jenny Morris, London, England, "mother" of the regiment, was read.

Officers and executive members named were: honorary president, Brig. A. Hamilton Gault, DSO; past president, A. McCulloch; president, W. J. "Bill" Raison; vice-president, S. Campbell; secretary treasurer, F. M. Gerrie; executive, R. C. Sproule, Dick Herbert, D. Edwards H. Cuthrie P. Johnson, N. Campbell, H. Jones, R. W. Ellis, A. McCulloch, A Peart, F. Purkis, L. Scott.

Varsity Students Attend Service

University of Alberta baccalaureate service was held Sunday evening in Convocation Hall on the campus, with Dr. Robert Newton, president of the University, in charge. Held annualy at convocation time for the members of the graduating class, the service was attended by about 400 students and friends.

The sermon was delivered by the Rev. George B. Caird, of St. Stephens College, in his message to the departing students, Dr. Caird stressed that Christianity was the only solution to the problems of the present-day world. He stated that religion is not "just the opiate of the masses", that it is not out of date, and that science has not replaced it.

Pointing out the immediate effects of Christianity on the class of '47, Dr. Caird stated that the presence of women in this year's graduating class was due to Christian teaching. He illustrated ancient Greece as an example of a fallen civilization which held its women-folk in low regard.

Soloist was Miss Patricia Darling, graduating student in nursing, and the organ was played by Professor L. H. Nichols, university organist.

Ushers were Kay Tanner, Patricia Burns, Donna Cross, June Sigsworth, Audrey Willson, and Mary-Alice Millar.

Honor Mothers At Annual Banquet

Unusual among functions honoring motherhood in this city was the special Mother's Day annual banquet and dance held Saturday at the Macdonald by the Fraternal Order of Eagles, Aerie No. 2102.

The event, marking the 20th annual observance of Mother's Day by local Eagles, was attended by 340 members and their friends.

Worthy President S. A. Warren paid an eloquent tribute to "mothers" at the conclusion of the banquet.

Singled out for honor as representative mother was Mrs. C. Hutchinson, 82 year-old adopted "mother" of the Edmonton aerie. She was presented with a beautiful bouquet of red roses.

A program of music, recitations and acts of magic followed the banquet.

Features of the concert were magic and sleight-of-hand by L. Bewley, songs by Miss Cora Shalin, comedy skits by S. Warr and Frank Adamson as the Arkansas fiddler.

Prizes for bringing in new members were awarded: E. Lehne, S. Johnson and S. L. Warr.

Officers of Edmonton Aerie No. 2102 are, W. H Van Kleek, past worthy president; S. A. Warren, worthy president; F. Tymko, worthy vice-president; L. E. Stretton, worthy treasurer and W. N. Watkins, worthy secretary.

CPR Official To Attend Sale

Attending the auction sale of purebred Shorthorns from the Claude Gallinger farm, scheduled Tuesday afternoon at the Edmonton Exhibition grounds, T. P. Devlin, assistant director of colonization and agriculture for the CNR at Winnipeg, was an Edmonton visitor Monday.

Mr. Devlin said that "quite a few British farm settlers are coming to Canada, but there is no rush as yet.

The CNR official said that Britishers were being urged to work a year or so on Canadian farms before taking out holdings.

Scottish people predominate among those coming to Canada and have been going to farms in Alberta, Manitoba, Saskatchewan and B.C.

Bruderheim Woman Dies at High River

Bessie Evelyn Hartell of Bruderheim, wife of Albert F. Hartell, died recently at the home of her sister, Mrs. Gilbert Deibert, High River. She was 38 years old.

She had been in failing health for some time prior to her death.

Born at Dorchester N.B., she came west as a child with her parents, Mr. and Mrs. S. R. Sutherland. They settled in the High River district.

In 1928 she married Albert Hartell and they took up residence in Bruderheim.

Other survivors include: three sons, Harold, Merrill and Gordon, at home; her father, S. R. Sutherland, Los Angeles; four sisters, Mrs. C. Agostino, Mrs. E. Waterston, both of Vancouver; Mrs. Pete Wake, and Mrs. Deibert of High River, and two brothers, Colin Sutherland, Kelowna B.C., and Murray Sutherland, Vancouver.

Ask Additional Campaign Grant

City council will consider Monday night a joint request from the Edmonton Chamber of Commerce and the Junior Chamber of Commerce that the annual grant from the city to the beautification and clean-up campaign be in creased from $250 to $1,000.

The commissioners, however, are recommending to city council that the grant be restricted to the usual $250 to be used for publicity purposes.

They state that after consultation with A. W. Haddow, city engineer, they think the extra money could better be devoted to providing more trucks and teams for the hauling away of refuse and debris during the clean-up campaign.

It is estimated that additional trucks and teams to be engaged in the campaign will cost between $1,200 and $1,500.

IOOF To Observe 128th Anniversary

The 128th anniversary of the founding of the Independent Order of Oddfellows, will be commemorated with a divine service at McDougall United Church on Sunday, June 8, at 3 p.m.

The Rev. W. C. Smalley, chaplain of the Grand Lodge of Alberta, will be the guest speaker.

SERVING CANADIANS C-I-L THROUGH CHEMISTRY

"Chemistry? IT DOESN'T MEAN A THING TO ME!"

If you were a farmer it might seem that way at first glance. But take another look!

Those fine crops, which mean so much to Canada's health and economy, often depend upon chemical fertilizers. Weed and pest destroyers, orchard sprays too, are but a few of the services that chemical research extends to agriculture.

Through good times and bad, the chemical industry plows a straight furrow, ever moving forward to create better things for farm, industry and home. Look to chemistry with confidence for a finer future . . . and to the C-I-L oval symbol of an organization devoted to serving Canadians through chemistry.

For instance:
HERBATE
Among the many contributions of chemistry to agriculture and horticulture is the killer, "Herbate" that eliminates mustard-weed, dandelions, plantain and other weeds without harming grain or grass. It is a product of Canadian Industries Limited, Head Office, P.O. Box 10, Montreal.

Dr. Richard C.B. Corbet Weds Miss M.W. Blois in Montreal

MONTREAL, May 12—The chapel of Christ Church Cathedral in Montreal was the scene of the wedding Saturday afternoon of Miss Margaret Winifred Blois, daughter of Mrs. Henry A. Ward and the late Aubrey Tennyson Blois of Quebec, and Dr. Richard Crofton Blakely Corbet, son of Mr. and Mrs. James B. Corbet of Edmonton. Pink and white snapdragons decorated the chapel. The Very Rev. Kenneth Evans performed the ceremony.

THE BRIDE was given in marriage by her mother and wore a powder blue crepe afternoon frock, the skirt was styled with tiers of fine pleating and the sleeves of the bodice were fitted and finished in points over the hands. Her hat was of matching crepe draped with tulle and she carried a nosegay of white sweet peas and baby's breath.

Sister of the bride, Miss Greta Blois was maid-of-honor and wore a salmon pink crepe frock with a white straw hat and carried a bouquet of white roses.

BEST MAN was Villiers S. B. Corbet of Toronto, brother of the bridegroom.

After the ceremony a reception was held at the Ritz-Carlton hotel, where the bride's table was decorated with spring flowers and centred with a tiered wedding cake.

Later the bride and groom left for a honeymoon by motor to the United States, the bride travelling in a two-peice suit of hound's tooth check, with navy blue accessories. The couple will reside in Montreal.

Out-of-town guests included: Mrs. Henry Ward, Quebec; Mr. and Mrs. J. B. Corbet, Edmonton, and guests from Quebec, Valleyfield, Ottawa and Toronto.

Among those from Calgary who will attend the horse show in Edmonton, which opens Wednesday, include Mr. and Mrs. W. S. Herron, Miss Joy Gainor, Miss Audrey Gardner and her sister, Mrs. Joan Gardner-Hawes, Pirmez Creek; Miss Doris Littlewood, Miss Kelva Littlewood, Miss Joyce Willans, Miss Pat Quint, Miss Agnes Hammond of the Ghost River Ranch, Cochrane; Miss Joy Patterson, Mr. and Mrs. J. G. Patterson, Mrs. Trevor Willans, Bernard Willans, W. J. Leith, Tom Ward, Lacombe and Robert Thomson.

• • •

Mr. and Mrs. A. Buchner of Calgary were visitors in Edmonton at the week-end, guests at the Corona hotel. They came here to attend the ordination service of their son, the Rev. Howard Buchner which took place at All Saints Cathedral Sunday morning.

INDIGESTION at the movies..

TWO RENNIES give instant aid

Indigestion often hits you at the most awkward times. At the movies for instance—just when you're all set to enjoy the show. You want quick relief and you can have it if you carry a few RENNIES in your pocket or handbag because you can take them at once.

Digestif-RENNIES are pleasant-tasting tablets. You dissolve them on your tongue like candies. Their soothing antacid ingredients mingle with the saliva of your mouth and drip gently into your stomach, thus quickly helping to neutralise excess acid, also helping to relieve the miserable feelings of indigestion, upset stomach and heartburn, etc.

Each RENNIES tablet is individually wrapped in hygienic waxed paper. Carry a few in pocket or handbag. Easy to take — anytime, anywhere. At all Drug Stores—25c & 75c.

If RENNIES don't relieve your indigestion, it's high time you saw your doctor.

Strathcona Baptist Church Scene Pound-Bowman Wedding

Strathcona Baptist Church, decorated with ferns, spring flowers and candles in silver candelbra, was the scene of the wedding Saturday evening of Miss Helen Lorraine Bowman, daughter of Mr. and Mrs. Bowman, and William Gilbert Pound, son of Mrs. and Mrs. H. V. Pound, all of Edmonton. The Rev. George Edwards performed the ceremony. Mrs. D. S. McEachern played the wedding music, and Miss E. Langley sang Through the Years, during the signing of the register.

THE BRIDE was given in marriage by her father and wore an ivory satin gown styled with a full skirt and bodice having lily point sleeves and a sweetheart neckline. She carried a semi-cascade bouquet of roses and white stocks with a gardenia at the top. Her only jewelry was a double strand pearl necklace, gift of the bridegroom.

Bridesmaids were the Misses Louise and Ruby Bowman, sisters of the bride. They wore pale green crepe and coral crepe respectively, long gloves to match, doll hats and carried arm bouquets of spring flowers.

BEST MAN was Keith Wattie and ushers were B. Pound and Glen Stewart.

After the ceremony a reception was held at the Masonic Temple where the bride's table was set with a cutwork cloth and centred with a three-tier wedding cake embedded in tulle, flanked with white tapers and vases of sweet peas and carnations. James Rust proposed the bridal toast.

Later the couple left for a honeymoon in Winnipeg, the bride travelling in a brown gabardine suit topped with a gray gabardine coat and accented with brown and pink accessories. A corsage of red roses and gardenias completed her ensemble.

Mr. and Mrs. Cox will reside in Edmonton.

In honor of Miss Vera (Vee) Gunn, the twin daughters of Mrs. F. R. Hamm, Mrs. William Argue and Miss Dorothy Hamm entertained at a linen shower at their mother's home Friday night. There were 20 guests and the gifts were presented in a decorated silver and white basket. Mrs. C. F. Greenwood poured tea at a tea table set with an ecru lace cloth and centred by spring flowers and tapers. Serving were the Misses Margaret and Dorothy Hamm.

Miss Charlotte M. Sherriff Marries at Central Church

Baskets of spring flowers and potted ferns at Central United Church Saturday evening formed the setting for the double-ring wedding of Miss Charlotte (Chad) Miller Sherriff, daughter of Mr. and Mrs. Alfred Sherriff, of Jasper, to Arthur Charles Blackwood, son of Mr. and Mrs. Charles Blackwood of Edmonton. The Rev. J. A. Perrie officiated at the ceremony, assisted by the Rev. E. H. Birdsall.

Given in marriage by her father, the bride wore a white satin gown, made with princess bodice, full skirt, sweetheart neckline and long sleeves ending in lily points over the wrists. An overset front panel of the skirt was edged in pearl brocade which continued along the hemline and the gown had a full length train. Her long net veil was caught to her head by a latticed pearl coronet, and she carried a shower bouquet of red roses and white heather. Her only ornaments were a single strand of pearls which her mother had worn on her wedding day, and a sterling silver brooch adorned with a sprig of white heather, a wedding gift from Scotland.

MATRON-OF-HONOR was Mrs. Eldon Smythe who wore dark rose taffeta, styled on Colonial lines with a semi-hoop skirt, short puffed sleeves, and round neckline. Bridesmaids were Miss Grace Blackwood, sister of the bridegroom, in rose taffeta; the Misses Olive Johnston and Edith Mary Esmonde-White in turquoise taffeta.

Miss Maureen Cummings was flower girl.

Best man was Hugh Montgomery. The ushers were: Scott Sherriff, Jasper, brother of the bride; Ray Nobles, cousin of the bridegroom and Ray McLachlin.

Peter Delicate played the wedding music and Mrs. Alex Gray sang O Day of Golden Promise before the ceremony. During the signing of the register she sang Calm as the Night.

LATER A RECEPTION to 200 guests was held at the Macdonald hotel.

Set with white linen and centred by a three-tier wedding cake, the bride's table held glowing white tapers in silver candlebra, flanked by vases of spring flowers. Aunts of the bride, Mrs. Charles Cameron and Mrs. Robert Sherriff poured coffee. Gerald E. Clarke, formerly of Jasper proposed the toast to the bride.

For a honeymoon in Calgary, Banff and Jasper the bride changed for travelling to a three-piece powder suit with brown straw hat trimmed in rose, and chocolate brown accessories. Mr. and Mrs. Blackwood will reside in Edmonton.

Mr. and Mrs. George Hodge returned Sunday from a honeymoon trip to Calgary and Banff and have taken up residence at 10825 80 avenue. Mrs. Hodge is the former Miss Mary Gwendolyn Stewart, daughter of Mrs. Irene Stewart and the late R. A. Stewart of Edmonton.

Mr. and Mrs. J. C. Price of Conrad, Montana arrived Sunday, to remain in Edmonton until Wednesday.

Miss Milita Altwasser entertained recently in honor of Miss Olga Scherbaniuk, whose marriage to Alfred Anes of Pincher Creek takes place early in June.

Janet Sheldon, Lyn Lyon Marry at Baptist Church

Amid palms, ferns and white standards of spring flowers at First Baptist Church Saturday evening Miss Janeat Doris Sheldon, daughter of Mrs. Crleton C. Sheldon and the late Mr. Sheldon became the bride of Lyn Vaughan Lyon, son of Mr and Mrs. R. V. Lyon, all of Edmonton. The Rev. Daniel Young officiated.

GIVEN in marriage by R. C Sheldon, the bride's brother, Miss Sheldon wore white sheer over satin, made with shirred bodice, sweetheart neckline edged with pleating, and long sleeves which tapered to lily points over the wrists. Pleating around the waist and buttons down the back to the waist, with peplums cascading from the bodice into the train completed the dress. Her long veil of embroidered net was held in place by a coronet of orange blossoms. As her only ornament she wore a gold necklace set with pearl, and she carried a Cascade bouquet of red roses and lilies-of-the valley.

Matron of honor was Mrs. Harold Benson, sister of the bride. Miss Gael Sheldon, neice of the bride, was flower girl.

BEST MAN was John Lyon, brother of the bridegroom, and the ushers were Harold Benson and Donald McCannel. Mrs. F. Barber Smith played the wedding music and during the signing of the register Miss Irene Fish sang O Day of Golden Promise.

After the ceremony a reception was held at the home of the bride's mother, 6018 Jasper avenue.

Mother of the bridegroom, Mrs Lyon chose dark blue crepe, styled with a V-neckline and long sleeves. Hat and gloves of matching shade and a corsage of Johanna Hill roses completed her ensemble.

ROOMS throughout the house were decorated with fernery and spring flowers. Centering the bride's table, which was set with an embroidered lace cloth, was a tiered wedding cake, set amid tulle and sweet pea petals. The cake was flanked by white tapers and low pink floral candles. Vases of pastel sweet peas completed the arrangement.

Pouring coffee were Mrs. M. C. McCannel and Mrs. H. G. Turner while Mrs. R. W. Grierson [illegible] Mrs. J. R. MacDonald cut the ices. Assisting [illegible] the reception were Mrs. F. W. Poetske, Mrs. R. C. Sheldon, Mrs. H. Litwin, Mrs. Ross Upton, Mrs. Stuart Neil, Mrs. R. Holmberg, Mrs. J. Ternan, Mrs. Eric Ward, Mrs. Henry Martell and Mrs. Ken McKenzie. Toast to the bride was proposed by M. C. McCannel.

For a honeymoon at the Pacific coast the bride changed to a pearl gray suit, worn with pink accessories, and a corsage of red roses and lily-of-the-valley. On their return the couple will take up residence in Edmonton.

Out-of-town guests were: Mr. and Mrs. S. Neil, Mrs. J. R. MacDonald, Mr. and Mrs. P. D. McArthur, Mrs. Ross Upton, all of Calgary; A. Lyon, Grande Prairie; Mr. and Mrs. Harold Benson, Sangudo.

Miss Fleming Becomes Bride

Bouquets of spring flowers decorated Norwood United Church for the wedding May 10 at 8 p.m of Miss Arlene Mae Fleming, daughter of Mrs. Charles L. Duffie, and Gordon Cox, son of Mr. and Mrs. Harry Cox, all of Edmonton The Rev. W. T. Young performed the ceremony. M. Bonner played the wedding music and Miss Una Palmer sang Because, during the signing of the register.

GIVEN IN marriage by her uncle, Roy Fleming, the bride wore a white satin gown fashioned with a full skirt and a bodice styled with a sweetheart neckline and lily point sleeves. Her long veil was held in place with apple blossoms and she carried a bouquet of red roses. The bride's only jewelry was a pearl necklace.

Attending the bride were the Misses Della and Edna Johnson, bridesmaids, and Marilyn Mae Love, flower girl.

BEST MAN was Stanley Cox and ushers were Victor Cox and Harry Billings.

After the ceremony a reception for 135 guests was held at the home of the bride's mother, where the bride's table was set with a lace cloth and centred with a three-tier wedding cake, flanked with vases of spring flowers and lighted candles. G. B. French proposed the bridal toast.

Later the couple left by motor for a honeymoon in Portland Ore., the bride travelling in a powder blue dressmaker suit, matching top coat and black accessories. Mr. and Mrs. Cox will reside in Edmonton.

IN MEMORIAM

In loving memory of Michael and Peter Zozuk, who passed away May 12, 1945.

Time speeds on, two years have passed
Since death its gloom, its shadows cast
Within our home, where all seemed bright,
And took from us a shining light.
We miss that light, and ever will
Their vacant place there is none to fill.
Down here we mourn but not in vain
For up in heaven we will meet again.

Ever remembered and sadly missed by Mother, Dad and Brother Billy.

In loving memory of Michael and Peter Zozuk, who passed away May 12, 1945.

Their dear bright eyes and cheerful faces
Are so pleasant to recall;
They had a loving word for each,
And died beloved by all.

Ever remembered by their loving sister and brother-in-law, Rose and Ross.

In loving memory of Michael and Peter Zozuk who passed away May 12, 1945.

Nothing can ever take away
The love a heart holds dear
Fond memories linger every day,
Remembrance keeps them near.

Ever remembered by their loving sister and brother-in-law, Marion and Clarence and family.

GETTING IT STRAIGHT

"Daddy, is today tomorrow?" asked little Johnny.

"Of course not, my boy."

"But you said it was."

"When ever did I say that today was tomorrow?"

"Yesterday."

"Well—er—it was then."

"Then today was tomorrow yesterday, but today is today today, just as yesterday was today yesterday but is yesterday today. And tomorrow will be today tomorrow, which makes today yesterday and tomorrow all at once, and—"

But father had had enough.

"Here you!" he snapped "Run out and play!"

NOTICE is hereby given that all persons having claims upon the estate of the above named Nellie Gertrude Trueman, who died on the 12th day of December, A.D. 1946, are required to file with the undersigned Administrator by the 18th day of June, A.D. 1947, a full statement duly verified of their claims and of any securities held by them, and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 29th day of April, 1947.

G. M. COLBAN,
Acting Public Administrator,
Administrator of the Estate of
Nellie Gertrude Trueman, Deceased.
Provincial Building,
Edmonton, Alberta.

Halifax Hospital Empire's Tallest

HALIFAX, (CP)—The new Victoria General hospital here will be the tallest in the British Empire when it opens, possibly next fall, and will embrace practically every innovation in modern design and equipment

Dr. C. M. Bethune, hospital superintendent, explained in detail the multiplicity of departments to be established in the 15-storey building.

There are to be 250 public beds in 12-bed wards, and the remainder of the 400-bed total will be divided between private and semi-private patients. Six elevators will ease the transportation problem within the building, besides a number of dumb-waiters and a pneumatic tube system linking the floors. In addition, all meals will be distributed on attractive trays by an automatic "trayveyor" to patients on all floors.

Dr. Bethune commented on the almost complete lack of windows, and explained how air conditioning and modern lighting technique had made space, formerly used for lighting, available for more practical purposes.

Acute drought conditions early this year cut El Salvador's electrical power output so seriously that all plants were blacked out one night each week and no new industrial installations were permitted.

Tenders for School House

Killam School Division No. 22

Sealed Tenders will be received by the Board of Trustees of the above School Division at the office of the Secretary-Treasurer up to noon May 30th for the erection of a one-room addition to the frame school building in the Heisler S.D. No. 3710, after plan No. S.P. 1507. Plans and specifcations may be obtained from Secretary-Treasurer on payment of a deposit of $5.00. Plans must be returned within 24 hours, and deposit will then be refunded. A marked cheque for five per cent. of the amount of tender must be enclosed with each tender as a guarantee that same is bon fide. No tender will be considered without this cheque attached. The lowest or any tender will not necessarily be accepted.

H. T. H. ROBERTS,
Secretary-Treasurer,
Killam School Division No. 22.
Killam, Alta.

CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 3 and set a definite time every morning. When you get regular every morning cut down to 2. After a few days, try 1.

Then try taking Carter's *every other day*. You may even find you can keep regular without any laxative.

You see, Carter's are so tiny you can cut down the dose—from 3 to 1—to fit the needs of your individual system. Without disappointment.

Carter's help clean out your intestinal tract not halfway, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action.

Thousands can cut down on laxative dosing this Carter way. Ask for Carter's Pills by name to get the genuine at any drugstore—35¢. Start the Carter graduated dose method tonight, and jump out of bed tomorrow feeling good.

MONTREAL, (CP) — Bell advanced a point, Gatineau ⅛ and Shawinigan ⅜. Brazilian lost ⅜.

Dominion textiles was up 1⅛ and Vickers 1 in industrials while Celanese and Canadian Industries were up ½ each.

Cement preferred and Dosco "B" were softer and Dominion Bridge converted a loss into a gain of ¼.

TORONTO, (CP) — Producing golds held firmly but base metals were irregular to soft. Industrials and western oils were mixed.

Lack of confidence in speculative golds was evident. Down were Bevcourt, Buffaddison, Chesterville, Cochenour, Crowshore, Donalda, Duquesne, God's Lake, Goldhawk, Island Mountain, Louvicourt, Madsen, Marcus, Regcourt, Taku. Senior golds held well on fraction gains.

Oils were the outstanding group in the industrial lists with Imperial trading more than 9,000 shares on a fraction gain.

Grain Prices

EDMONTON GRAIN

Street prices for grain at Edmonton as provided by the National Grain Company:

MAY 12

Rye: 2 C.W. 3.23; 3 C.W. 3.18; 4 C.W. 3.05¼; ergoty 2.80¼.

WINNIPEG GRAIN

WINNIPEG, (CP)—A small lot of Canadian wheat destined for the United Kingdom under the Canadian agreement was the only export business reported on Winnipeg grain exchange Monday, but no amount was mentioned. There were indications that a cargo of Canadian rye had been sold Saturday to an unnamed European destination. It was believed to represent new crop.

Cash prices: Rye, 1 C.W. 3.55N; Oats at ceiling of 65 cents; Barley at ceiling of 95 cents.

CHICAGO GRAIN

CHICAGO, (AP)—A rally led by May wheat developed toward the close of grain trading Monday on the board of trade.

May wheat, off as much as 3 cents during the early trading, spurted on short covering and at one time went above the preceding close. Strength on this contract created a buying movement in all other grains.

The sharp rally continued to the close. Wheat finished ¾-2⅛ higher, corn was ¾-2¾ higher, and oats were ½-⅝ higher.
